### Conference Invitation

April 20-21, 2020 at Dubai, UAE which incorporates incite keynote introductions, Oral talks, Poster introductions and Exhibitions conference mainly focus on theme: *Nanotechnology Inventions- The trend to build Smart Future.WCNSN-2020* covers every one of the parts of related field analysts, the gathering of Scientists, and understudies from all edges of the globe, meet up to examine about NanoScience and its advances. Every session of the gathering will be incorporated with master addresses, blurb and exchanges, go along with us to plan reasonable improvement forms, developments by which and how these techniques drive new approaches, propels the business and human wellbeing security. We are happy to welcome you in the interest of sorting outboard of trustees to go along with us, where you are the chief for future.

WCNSN-2020 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, Nanoscience Students, Deans and Scholars from both academia and industry. WCNSN involve the ability to see and to control individual atoms and molecules. Everything on Earth is made up of atoms—the food we eat, the clothes we wear, the buildings and houses we live in, and our own bodies. But something as small as an atom is impossible to see with the naked eye.

#### World Congress on NanoScience, Nanotechnology & Advanced Materials | April 20-22, 2020 | Dubai, UAE

10:40-11:00: Refreshments	15:30 onwards: Closing Ceremony

## Conference Sessions

- Nanotech for Energy and Environment
- Nano Electronics
- Nano magnetism
- Fundamentals of Nano Science
- Advanced Materials Engineering
- Industrial Nanotechnology
- Molecular Nanotechnology
- Nano Fluidics
- Advanced Nanomaterials
- Advanced Materials and Functional Devices
- Nanoelectronics, Nanodevices and Nanosensor
- Polymer Nanotechnology

- Computational Materials Science
- Advanced Nanomaterials
- Nano drug delivery
- Nanosafety and Nanotoxicity
- Molecular Nanotechnology and Nano Robotics
- Mathematical Modelling of Nanotechnology
- Recent development and advanced researches in Nanotechnology
- Nanolithography
- Advanced Bio-Materials & Bio-devices
- Nano Toxicology
- Nanocrystals and Nanofabrication

# Why to attend?

- Meet worldwide Experts
- Networking Opportunities
- Greater Focus
- Learn skills and stay up-to-date
- Position yourself as an expert
- New Tips & Tactics
- Learn beyond your field or interest
- Grow Your Network
- Advance Your Career with new technologies

Conference Venue: Dubai, UAE
