- *Hypertension*
- *Interventional Cardiology*
- *Cardiac Oncology*
- *Molecular Cardiology*
- *Cardiac Surgery*
- *Vascular Biology*
- *Cardiovascular Toxicology*
- *Cardiac Pharmacology*
- *Nano technology in Cardiac Science*
- *Current Research in Cardiology*

TOP REASONS TO ATTEND:

PRESENTING YOUR ORGANISATION'S WORK ON A Global STAGE:

As a speaker you will be presenting to a room full of senior representatives from all over the world, each providing a different perspective from the sector. Your organization's expertise and knowledge will be showcased to key players in the field of Nursing, Health care and will be a unique platform to increase your reputation within the sector

NEW PLACES; NEW PEOPLE:

Each time will be held at a different place, new and different people will attend. This can enlarge building collaborations and help you in developing new relationships.

LEARN FROM OTHER SPEAKERS:

As a speaker you will be provided with free access to three days of the conference and associated workshops and will be given the opportunity to hear from other senior representatives from the sector and consider problems and solutions in the field of nursing, our numerous Q&A sessions and panel discussions.

DISCUSS AND OVERCOME ISSUES IN THE FIELD:

This conference offers unrivalled opportunities to work with other key leading experts from the Universities and Hospitals to discuss the main challenges in the sector and to come together to produce strategies to find solutions to these problems

COMPETITIVE ADVANTAGE:

You'll stand out if you're a sponsor and your major competitors aren't. If your competitors have already decided to be sponsors, your sponsorship becomes even more important, to assert your comparative market strength and your commitment to healthy products.

LEADING A WORKSHOP:

By leading one of the renowned Workshops, you will be presented with a perfect forum for an in depth discussion and debate into a key issue. These sessions can vary in format from case-study-led debate with interactive breakout sessions to a presentation based discussion group on a topic that may need a particular in-depth focus.

THE OPPORTUNITY TO COLLABORATE AND SPONSOR :

While we determine our conference theme and flow, we invite our key sponsors to suggest potential speakers, Delegate and topics that might also enhance the program. That's why it's important to commit early to sponsorship, before the program is final

CHAIRING: *To increase your presence at the event, why not chair the event, a day, or a specific session to present yourself and your organization as one the leading players in a specific topic area? As a chair, you will work closely with us and our line-up of senior level speakers to ensure an event's success.*

ABOUT OSAKA, JAPAN

Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the “Nation’s Kitchen”. With a population of 2.5 million, Osaka is Japan’s third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city’s west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka’s culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. The Museum of Oriental Ceramics holds more than 2,000 pieces of ceramics, from China, Korea, Japan and Vietnam, featuring displays of some of their Korean celadon under natural light.

Touristy Attractions of Japan:

- Tennoji Zoo.
- Osaka Castle Park.
- Osaka Aquarium Kaiyukan.
- Tempozan Ferris Wheel.
- Dotonbori.
- Shinsekai.
- Universal Studios Japan.
- Shitennoji Temple .
- Namba Grand Kagetsu.
- Ebisu Bridge
