Cardiac Surgery 2019

Future Shape of Cardiology, Cardiac surgery and Cardiovascular disease and Diagnosis

Conference Dedicated to Innovate Solution to the Public Health Challenges

Your single Destination to reach Largest Assemblage of participants from Cardiology Community

Opportunity beyond any Comparison to Attend & Network

Experience the Global Ambiance with Researchers with Similar Significance

Make New Associations and Fostering Potential Partnerships

Learning & Knowledge in a Single Package

Worldwide Acknowledgement to your Research Profile

Explore the best in Cutting Edge Research

Learn Beyond your Field of Interest

Professional Development to Elevate your Knowledge and Skills

Cardiac Surgery 2019

Speakers Representation from 50+ Countries

1 Conference | 2 Days | 6th Conference in Cardiology Series

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating Taipei,Taiwan!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the **"6th Annual Congress on Cardiology & Cardiac Surgery "** scheduled during **25-26, Nov, 2019** at **Taipei, Taiwan**.

The Conference will be organized around the theme **"Pioneering the innovative altitudes in the arena of cardiology and surgeries"**

Cardiac Surgery 2019 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Cardiologists,Cardiac Surgeons,University Professors to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Cardiologists and researchers working on heart from both academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Arya Carsen

Arya Carsen

Program Manager | Cardiac Surgery 2019

Organizing Committee

WELCOME MESSAGE

We are back again! Conference that dedicated to Innovate Solution to the Public Health Challenges, one conference which future the shape of Cardiology and heart Disease. Our Conference will organize and allow to access the global researchers around the world in a single platform. Cardiac Surgery 2019 will provide a great opportunity beyond any comparison to attend and network with Cardiology and Heart disease Community.

Join us at our 2019 edition of Cardiology Congress to Experience the Global Ambiance with the Researchers who work with similar significance of research. Cardiac Surgery 2019 will help you to get answers to all your queries related to your research work and also it creates an great opportunity to make new associations and also helps to foster potential partnerships. Cardiac Surgery 2019 will be an great platform for you to create long lasting relationship with the fellow researchers from Cardiology Community.

Get worldwide acknowledgement to your research profile where more than 55000 Visitors who analyzed our conference website to attend and submit proposals of their research work. Where this was recorded as the highest number of Visitors from both, developed and developing nations. While we penetrate the study of visitor, navigation, and traffic patterns to determine the success of our conference website majority amount of traffic we receive from cities like New York, London, Valencia, Amsterdam, Madrid, Barcelona, Athens, Sydney, Paris, Frankfurt, Tokyo, Osaka, Melbourne, Moscow and Vienna.

Cardiac Surgery 2019 website is attracting 56000+ Cardiologists, Cardiac Surgeons, University Professors, Various Societies and their members Institutes-Medical Schools Students, Research Scholars, Business Entrepreneurs Training Institutes, Software making associations, Manufacturing Cardiac devices Companies.

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Cardiac Surgery 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

MONDAY, NOV 25

08:00-09:00

Registration

09:00-09:30

Opening Ceremony

09:30-10:15

Keynote Forum – 01

Awards Banquet and Closing Ceremony

Purpose

With members from around the world focused on learning about Cardiology and heart Disease, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Cardiology to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address brain diseases and neurological problems and overcome barriers that limit access to care and services.

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Cardiology
- Discuss and update the research findings related to Cardiology
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

Who should attend?

Researchers, Cardiologist, Scientist, Professors, Research Scholar, Cardiac Surgeons, University Professors, Various Societies and their members, Institutes-Medical Schools Students, Research Scholars, Business Entrepreneurs, Training Institutes, Software making associations, Manufacturing Medical Devices Companies

CME & CPD

Cardiac Surgery 2019 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee

The live format of this educational activity will be accredited with CME and CPD Credits.

Diverse Action-Oriented Programming & Networking

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Pediatric Cardiology, Clinical Cardiology, Cardiac Surgery, Cardio-Oncology and many more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

CITY ATTRACTIONS

Cardiac Surgery 2019 will bring together world-class cardiologists, scientists and professors to discuss strategies for disease remediation for heart in this cardiology conference. Annual Congress on Cardiology is designed to provide a diverse and current education that will keep medical professionals up to date on issues affecting the diagnosis, treatment of Cardiac disorders and prevention.

The conference theme “Pioneering the innovative altitudes in the arena of cardiology and surgeries” that focuses to share novel approaches related to cardiology field and exploring the challenges concerning excellence in cardio research and advancements.

Cardiac Surgery 2019 is an extraordinary event designed for cardiologists and international medical health professionals to facilitate the dissemination and application of research findings related to cardiology and all the associated research areas. The conference invites participants from universities, clinical research institutions and diagnostic companies to share their research experiences on all aspects of this rapidly expanding field and thereby, providing a showcase of the latest techniques.

Our aims to provide cardiac physicians, specialists, nurses, technologists and anyone professionally involved in cardiovascular disease with an opportunity to learn about the complexity of the disease, discuss interventional procedures, look at new and advanced cardiac practices and their efficiency and efficacy in the treatment of various cases, and understand local realities and practical constraints in improving patient-care.

The Organizing Committee of Cardiology Series is sorted out for every year, Cardiology congress and incorporates exceptionally prominent universal specialists in an variety of topic areas who are focused on building up the most important and inventive subject and agenda for this year’s meeting. In particular, the Organizing board decides the welcomed talks and finalizes the oral & Poster sessions towards the conference.

Scientific Sessions

Cardiology
Cardiac Surgery
Pediatric Cardiology
Cardiovascular diseases
Cardiac Nursing and Health Care
Nuclear Cardiology
Heart failure
Cardiovascular devices and Instruments
Diabetes, Obesity and Stroke
Interventional Cardiology
Arrhythmias
Cardiothoracic Anesthesiology
Cardiac Imaging
Congenital heart disease
Cardiovascular medicine

Cardiac Surgery 2019 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Cardiac Surgery 2019 is an unique platform to increase your reputation within the Cardiology Community.

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

1 Conference | 2 Days and 6th conference in the Row

According to the World Health Organization (WHO), cardiovascular diseases are the leading cause of deaths globally. More people die from these diseases than from anything else.

In 2015, approximately 17.7 million people died from cardiovascular disease worldwide, and they accounted for 31 percent of all registered premature deaths.

Of these:

- 7.4 million people died from coronary heart disease
- 6.7 million people died as a result of a stroke

Over 75 percent of deaths from cardiovascular disease occur in low and middle-income countries. They affect men and women equally.

By 2030, it is predicted that 23.6 million people will die from cardiovascular diseases annually, mostly due to stroke and heart disease.

Cardiology is worried about the normal value of the heart and the deviation from a sound heart. Various issue incorporates the heart itself, yet some are outside of the heart. Cardiology gathering will be an incredible achievement now daily as the mindfulness for the treatment of heart related ailments is exceptionally vital among the general population and all will come to think about the new explores going on and innovations in the field of Cardiology. Cardiology (Devices and Technology) - Global Trends, Estimates and Forecasts, 2012-2018 statistical surveying report says worldwide interventional cardiology advertise is evaluated to achieve US\$37.2 billion by 2018.

Research says this year, approximately 720,000 Americans will have a new coronary event and approximately 335,000 will have a recurrent event. CHD mortality dropped by 34.4% from 2005 to 2015, with a predicted continued decline (27% reduction by 2030); however, race disparities are projected to persist. Median survival of those ≥ 45 years after first MI is 8.4 years for white males, 5.6 years for white females, 7.0 years for black males, and 5.5 years for black females. Variables associated with a higher incidence of CHD include lower education and income (2x).

Cardiovascular disease (CVD) currently accounts for nearly half of noncommunicable diseases (NCDs). NCDs have overtaken communicable diseases as the world's major disease burden, with CVD remaining the leading global cause of death, accounting for 17.3 million deaths per year, a number that is expected to grow to >23.6 million by 2030.

Increasingly, the populations affected are those in low- and middle-income countries (LMIC), where 80% of these deaths occur, usually at younger ages than in higher income countries, and where the human and financial resources to address them are most limited.

Taipei, which is the capital of Taiwan state is the most popular, well flourished and economically rich city. Taiwan is located in East Asia and neighboring states includes Japan, China and Philippines. Taipei is the portion of major high tech industrial area. Taipei is home to various globally famous cultural and architectural structures. Taipei has a monsoon influenced humid sub-tropical climate.

In addition, Taipei offers luxury hotels, delectable cuisine and great shopping. Many yearly festival are held in Taipei. There are various mode of transportation such as Rail, Bus, Metro ,and Airport. Taipei serves as the island's business, cultural and governmental Centre.

Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before 10 Nov, 2019 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
