# 2019

ROME

**W**e warmly invites you to join the Cardiology congress 2019 in **Rome, Italy** on **November 25-26, 2019**. The Cardiology Congress 2019 with the theme “**Novel Technologies and Innovations in Cardiology**” will provide the opportunity to engage in open, constructive & innovative dialogue about the past, present & the future for Cardiology, Heart Failure & Health-care, Pediatric & Preventive Cardiology and Many more.

Cardiology Congress 2019 Conference will construct some thought provoking scientific sessions. This summit intends to bring together Academicians, Business Professionals, Physicians, Experts and overall learners to discuss and share current researches as well as the future prospects of Cardiology and the knowledge related to Cardiology, Heart Failure & Health-care, Pediatric & Preventive Cardiology and Many more. The 2019 edition of the conference will provide a great prospect to learn new skills, share real-world experiences with your peers as well as one to one discussion with the experts.

In this contemporary medical environment which is dynamic and challenging, we believe Rome will serve as the medical capital and the Cardiology Congress 2019 team welcomes you to be a part of this journey.

## ABOUT CONFERENCE SERIES »

Conferences are not just about discussion, but to connect people with people, people with ideas, and people with opportunities. The key motto of Conference Series Conferences is to unite the Energy of Like-Minded Individuals to mould the future of research which will shape the future of the world. Diverse and innovative Conferences with plethora of research topics will provide everyone a unique learning and career building opportunities.

As the desire to learning will attract participants from all around the globe, Conference Series Congresses will provide a dedicated platform for the learners. Conference Series Meetings will provide a space to doyens of industry to connect with innovators, researchers and to set a B2B platform.

Conference Series Conference will offer a unique opportunity to share your innovative ideas, evaluate your research works, and promote the collaborative work through its networking sessions for a brighter future. Conference Series Meetings will create a foundation for researchers, learners in the journey of their lifelong quest for knowledge.

Conference Series Conferences with its effective and self-determined team promises to incorporate a healthier networking platform across the globe through its International Conferences, Technical sessions, Symposiums, Workshops, B2B Platform, Global Meetings & Expos. Conference Series conference will rewrite your brain with new and innovative ideas which will help you to boost your self-Esteem and confidence.

“Let Nobel Thoughts comes from all direction....”

# WHAT TO GET FROM CARDIOLOGY CONGRESS 2019

## RESEARCHERS

### Cardiology Congress 2019

Will provide a global platform for experts to share their innovative thoughts and will encourage international cooperation between industries & academia.

## DELEGATES

Will provide Networking Opportunities to cultivate mutually benefited relationships and will be a platform where ideas and visions will be exchanged and enlightened.

## YOUNG INVESTIGATORS

Will provide an opportunity to learners and young experts to share and discuss their vision with the experts. They can join as a learner and march forward as a leader.

## OUR CITY ROME

Rome, Italy's capital, is a sprawling, cosmopolitan city with nearly 3,000 years of globally influential art, architecture and culture on display. Ancient ruins such as the Forum and the Colosseum evoke the power of the former Roman Empire. Vatican City, headquarters of the Roman Catholic Church, has St. Peter's Basilica and the Vatican Museums, which house masterpieces such as Michelangelo's Sistine Chapel frescoes. Every night at the Trevi Fountain about 3,000 Euros are swept up from the bottom of the basin. The money is donated to Caritas, a catholic charity, who uses the money to provide services for needy families in Rome. Its historic centre is listed by UNESCO as a World Heritage Site. The famous Vatican Museums are among the world's most visited museums while the Colosseum was the most popular tourist attraction in world with 7.4 million visitors in 2018.

We warmly welcome you to the Dream city of **Rome** for the upcoming **33<sup>rd</sup> World Congress on Cardiology & Heart Diseases** during **November 25-26, 2019** which is focused on "**Novel Technologies and Innovations in Cardiology**".
