About City

Dubai is an extravagant city, which pushes the limits on its architecture and its cultural diversions. It is also a major global transport hub for passengers and cargo. Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine animal parks.

Average Temperatures in March: 25°- 30°C
