

Why Visit Rann Utsav During Full Moon

Rann Utsav is advised to be visited from November to March during winter season. The white Rann of Kutch turned into salty marsh during monsoons but it is brilliant to visit during summers and monsoon.

On the full moon light, the moon turns brighter as sun. It is a rare experience on the full moon light when the rays fall under white land below your feet and it seems that salt has sparkled like precious gems.

The full moon light provides mental relief and relieves stress . We feel more calm and composed while being present there. And it is really sometimes hard to describe some things which are really beautiful unless we experience the same.

Top Attraction to visit Kutch

1. **The white desert Sunrise and Sunset:** When we think of sunrise and sunset oceans and mountains will come to over mind . A desert will never come up to our mind.
