A prospective Booming and
Contemporary Innovation in Oil Field

Oil and Gas
2019

Innovative Techniques in Oil and Gas: Accessions, Organizations & Research

Conference Dedicated to Innovate Solution to the Oil and Gas Field

Your single Destination to reach Largest Assemblage of participants from Oil and gas community

Opportunity beyond any Comparison to Attend & Network

Experience the Global Ambiance with Researchers with Similar Significance

Make New Associations and Fostering Potential Partnerships

Learning & Knowledge in a Single Package

Worldwide Acknowledgement to your Research Profile

Explore the best in Cutting Edge Research

Learn Beyond your Field of Interest

Professional Development to Elevate your Knowledge and Skills

Oil and Gas 2019

Speakers Representation from 50+ Countries

1 Conference | 2 Days

15 Keynote Talks | 75 Plenary Speakers | 16 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating Dubai, UAE

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the **"2nd International Conference and Expo on Oil and Gas"** *scheduled during December 02-03 at Dubai, UAE.*

The Conference will be organized around the theme ***"A prospective Booming and Contemporary Innovation in Oil Field"***

Oil and Gas 2019 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Oil and Gas to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Manager/CEO of Oil & Gas companies Directors/Dean of Petroleum Universities and schools, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Sarah Clarke

Program Manager | Oil and Gas 2019

Organizing Committee

WELCOME MESSAGE

We are back again! Conference that dedicated to Innovate Solution to the Oil and Gas Sector, one conference Innovative Techniques in Oil and Gas 2019. Our Conference will organize and allow to access the global researchers around the world in a single platform. Oil and Gas 2019 will provide a great opportunity beyond any comparison to attend and network with Oil and Gas Community.

Join us at our 2019 edition of Oil and Gas Technology to Experience the Global Ambiance with the Researchers who work with similar significance of research. Oil and Gas 2019 will help you to get answers to all your queries related to your research work and also it creates an great opportunity to make new associations and also helps to foster potential partnerships. Oil and Gas 2019 will be an great platform for you to create long lasting relationship with the fellow researchers from Petroleum Community.

Get worldwide acknowledgement to your research profile where more than 55000 Visitors who analyzed our conference website to attend and submit proposals of their research work. Where this was recorded as the highest number of Visitors from both, developed and developing nations. While we penetrate the study of visitor, navigation, and traffic patterns to determine the success of our conference website majority amount of traffic we receive from cities like New York, London, Valencia, Amsterdam, Madrid, Barcelona, Athens, Sydney, Paris, Frankfurt, Tokyo, Osaka, Melbourne, Moscow and Vienna.

Oil and Gas 2019 website is attracting 56000+ Petroleum engineers, Oil and Gas specialists, Business persons, Entrepreneurs, Geophysicists, Professors and Students..

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Oil and Gas 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

MONDAY, DECEMBER 02

08:00-09:00

Registration

09:00-09:30

Opening Ceremony

09:30-10:15

Keynote Forum – 01

10:15-11:00

Keynote Forum – 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Keynote Forum – 03

12:15-12:45

Keynote Forum – 04

12:45-13:15

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 01

15:00-16:00

Parallel Session 01-Hall 1

General Session 02-Hall 2

Parallel Session 03-Hall 3

16:00-16:30

Networking Reception and Refreshment

16:30-18:00

Concurrent Work shops

TUESDAY, DECEMBER 03

09:00-09:30

Registration

09:30-10:15

Keynote Forum – 01

10:15-11:00

Keynote Forum – 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Keynote Forum – 03

12:15-12:45

Concurrent Work shops

12:45-13:15

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 02

15:00-16:00

Parallel Session 04-Hall 1

General Session 05-Hall 2

Parallel Session 06-Hall 3

16:00-16:30

Networking Reception and Refreshment

16:30-18:00

Awards Banquet and Closing Ceremony

Purpose

With members from around the world focused on learning about Oil and Gas, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Oil and Gas to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Oil and Gas Technology, Research and Future.

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Oil and Gas Field
- Discuss and apply recent research findings related to Oil and Gas Field
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

Who should attend?

Industry professionals, Directors/Dean, Manager/CEO of petroleum company, Entrepreneurs, Chemical Engineering, Geophysical engineering, Oil and gas scientist, Petroleum companies, Petroleum engineering students, Petrology graduates, Chemical engineering faculty, Petroleum marketers, Transportation engineering, Researchers in Oil and Gas field, Business personalities, Advertising Agent Executives.

Oil and Gas 2019 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Oil and Gas 2019 an unique platform to increase your reputation within the Oil and
Gas Sector

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

1 Conference | 2 Days and 2nd conference in the Row

Oil and Gas 2019 address the important topics and informative approaches of otolaryngology. This is going to be the most beneficial conference in which the entire team of Oil and Gas is included. The main intention of the conference is to deal with the unique methods of oil and gas techniques and its innovative strategies.

Without any doubt, we could discern that Oil and Gas run the world, and It is not possible to sustain our daily operation without Oil and Gas. Over half of the world's energy is provided by Oil and Gas and Without Oil and Gas, the world would have to grind to a halt. Many Renewable and Sustainable energy could not provide the remarkable amount of energy. Oil merely is the reason for the world is globalized.

The global demand for Oil is ever growing, which counts 91 million barrels per day in 2014 from 67 million barrels per day in 1990. Transportation relies majorly on Oil and Gas. There are about 1.2 billion cars now and over 98% of them depends on Oil. The number is assumed to reach 3 billion by 2050. About 24 million barrels per day of gasoline and 27 million barrels per day of diesel and 1.5 million gallons every minute are consumed globally.

Among four countries of top eight oil producing countries globally are the Middle East and six among top fourteen. Dubai is the most popular and an important global city which is also an international aviation hub. Oil exports are the reason for almost 85% of UAE's economy. Dubai is bolder in diversifying its economy when another Emirate of UAE depends on oil and gas revenue. It produces 2.9 billion barrels per day and contains 97.8 billion barrels of proven oil reserves. Approximately 4 billion of oil is present in Dubai reserves which hold second highest oil reserves in UAE. Dubai oil production is responsible for half of the GDP of Emirates.

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage, and the Emirate people are welcoming and generous in their approach to visitors. With year-round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls, fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world.

Having expanded along both banks of the Creek, Dubai's central business district is divided into two parts - Deira on the northern side and Bur Dubai to the south - connected by a tunnel and two bridges. Each has its share of fine mosques and busy souks, of public buildings, shopping malls, hotels, office towers, banks, hospitals, schools, apartments and villas.

Outside this core, the city extends to the neighbouring emirate of Sharjah to the north, while extending south and west in a long ribbon of development alongside the Gulf, through the districts of Satwa, Jumeirah and Umm Suqeim to new Dubai.

Among four countries of top eight oil producing countries globally are Middle east and six among top fourteen. Dubai is the most popular and an important global city which is also an international aviation hub. Oil exports are the reason for almost 85% of UAE's economy. Dubai is bolder in diversifying its economy when other Emirate of UAE depends on oil and gas revenue. It produces 2.9 billion barrels per day and contains 97.8 billion barrels of proven oil reserves. Approximately 4 billion of oil is present in Dubai reserves which hold second highest oil reserves in UAE. Dubai oil production is responsible for half of the GDP of Emirates.

Dubai Climate:

Dubai has a tropical desert climate. because of its location within the Northern desert belt. Summers are extremely hot and humid. Most days are sunny throughout the year. Winters are warm and short with an average high of 23 °C (73 °F) and overnight lows of 14 °C (57 °F). The weather in Dubai can bring short and irregular rainfall as is typical for the Middle East. Most of the rainfall occurs in the December to March period. The weather between December and March remains warm and is considered to be the most comfortable climatic conditions of the year.

Dubai: City of Gold

Dubai is a city in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Dubai is sometimes called the “City of Gold” because of its stunning growth from a sleepy Gulf port to a world-famous business crossroads in the space of a single generation.

Currency: Dirham (AED)

Transport within Dubai

Bus:

The bus network in Dubai is run by the Roads and Transport Authority. These buses connect all the major landmarks and tourist spots of the city, and are very comfortable. With the fare starting at Dh 2, these buses run every 15-20 minutes, except on Fridays, when the frequency is a bit low. You can also take the economical Big Bus sightseeing tour which takes you to all the major attractions and offers live commentary and free admission to the Dubai Museum and a dhow cruise.

Metro:

This is one of the most commonly used and efficient modes of public transport in Dubai. It holds the record of being the world’s longest fully automated metro rail network, with two lines (Red and Green) operational.

Taxi:

Taxis are a convenient way of getting around Dubai. Easily available throughout the city, you will always find a long line waiting outside shopping malls and other attractions. Starting with a minimum of Dh 3, the fare increases at a rate of Dh 1.60 per kilometer.

Water Bus:

This is an economical and preferred way to travel from Bur Dubai to Deira and vice versa. Fares for the water buses range from Dh 1 – Dh 4, depending on the route you take.

Driving:

Vehicles are driven on the right side of the road and you need to have a credit card and a domestic and international driver’s license if you wish to hire a car in Dubai. However, this is not recommended due to the several traffic congestions which are expected throughout the day.

Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before 15 September 2019 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
