**ABOUT PHARMACEUTICAL
ANALYSIS 2020**

Pharmaceutical Analysis 2020 also includes special sessions in workshops, symposiums, one to one meetings special keynote sessions conducted by eminent and renowned speakers who excel in the field of Pharmaceutical Analysis and Drug Discovery, Poster Sessions also available. This International Pharmaceutical Analysis Conference also encourages the active participation of young student researchers as we are hosting Poster Award Competition and YRF at the conference venue. It is a better platform for the pharmaceutical Analysis Graduates to collect and gaining of knowledge from world class Scientists.

This Conference serves as a Stage for the international experts in the area of pharmaceutical analysis and analytical chemistry throughout the world. We cordially invite all the eminent Scientists, researchers, students, industry representatives, Business entrepreneurs & academicians, working in these exciting areas. All come together to Share or explore their Research works and Ideas, Special welcome to the delegates in all fields to gain or gathering of some information for their future.

Abstract Submission Topics

- Modern Pharmaceutical Analysis
- Advances in Pharmaceutical Analysis
- Spectroscopy and its Techniques
- Mass Spectrometry Approaches and Challenges
- Electro chemical and Thermo analytical techniques
- Chromatography Separation Techniques
- Analytical method development and validation
- Pharmaceutical and Biomedical Analysis
- Bioanalysis
- Analytical Chemistry
- Quality Assurance and Quality Control
- Hyphenated Techniques in Analytical chemistry
- Pharmaceutical Microbiology
- Forensic Analysis
- Biosensors
- Radio Analytical Techniques
- Preformulation Studies
- Pharmaceutical Analysis Errors and Validation
- GLP and GMP Method Development, Validation and Remediation
- Method Validation in Pharmaceutical Analysis

Abstract submission opens : **August 23, 2019** | Registration opens: **September 5, 2019**

Deadlines for Abstracts: **March 31, 2020** | Deadlines for Registrations: **May 08, 2020**

Call for Abstracts

The Pharmaceutical Analysis 2020 invites abstracts related to the new scientific research in all the fields of Pharmaceutical Analysis. Registrants are invited to submit an abstract for consideration for oral and poster presentation. In general we encourage more specific to the current research fields representing innovation and recent technologies. Abstracts received will be reviewed by scientific committee from aspirants and categorized as speaker talks and poster presentations.

Why to join ?

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

Develop Networking with.....

- Industry leaders
- Product scientists
- Development managers
- C-level executive
- Academicians
- Clinical research departments

Meet your “Subject Matter Expert” (SME)

Subject Matter Experts will guide you in current Research & development. They help you in research queries, content, identify the objectives, and ensure your research scientifically acceptable.

Workshop/ Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

Round table Discussions

The right conference can be a game changer for your research and professional career. More importantly, the Round table conversation brings the experts networking and create the goldmine of opportunities.

Explore Vancouver

Vancouver is a coastal seaport city in western Canada, located in the Lower Mainland region of British Columbia. Vancouver is consistently named as one of the top five worldwide cities for livability and quality of life. Vancouver has hosted many international conferences and events, including the 1954 British Empire and Commonwealth Games, UN Habitat I, Expo 86, the World Police and Fire Games in 1989 and 2009. The TED conference made Vancouver its indefinite home.

Vancouver lies between Burrard Inlet to the north and the Fraser River to the south. The Strait of Georgia to the west is shielded from the Pacific Ocean by Vancouver Island. Vancouver has one of the largest urban parks in North America, Stanley Park, which covers 404.9 hectares of 1,001 acres. Scenic vistas include the snow-capped volcano Mount Baker in the state of Washington to the southeast, Vancouver Island across the Strait of Georgia to the west and southwest, and Bowen Island to the northwest. Many plants and trees growing throughout Vancouver and the Lower Mainland were imported from other parts of the continent and from points across the Pacific. Vancouver is one of Canada warmest cities in the winter. Vancouver is also one of the wettest Canadian cities.
