INVITATION

Dear Attendees,

We are glad to announce the **16th International Conference on Optics, Lasers & Photonics** to be held in **Amsterdam, Netherlands** on **April 20-21, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Optics Laser 2020** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Optics and Laser Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. **Optics, Lasers & Photonics** amid April 20-21, 2020 at Amsterdam, Netherlands. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Optics Laser 2020
Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

ABOUT CONFERENCES

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Physics, Optics, Laser and Optical Engineering. Optics and Laser Technologies anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. Opportunity to attend the presentations delivered by eminent scientists, researchers, experts from all over the world. Participation in sessions on specific topics on which the conference is expected to achieve progress. Global networking in transferring and exchanging Ideas. Share your excitement in promoting new ideas, developments and innovations in Optics Laser 2020.

Optics Laser 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Optics, Laser and Photonics, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Laser Optics techniques
- Discuss and apply recent research findings related to Optics Laser and Photonics.
- Reflect on the place of critical distance in Optics and Laser Research.

Who should attend?

Physicist, Radiologist, Dentist, Ophthalmologist, Oncologist, Cosmetic Surgeons, Professors, Academic Scientist, Students, Researchers, Astronomist, Laser Technician, Directors,, Managers and CEO, Optics Laser Associations

Conference Sessions

- Laser Systems
- Optics and Lasers in Medicine
- Optoelectronics
- Optical Communications and Networking
- Nanophotonics and Biophotonics
- Quantum Science and Technology
- Quantum optics
- Optical Physics
- Optical Fiber
- Technologies in Lasers, Optics and Photonics
- Applications and Trends in Optics and Photonics
- Fiber Laser Technology
- Optical Interconnects
- Optical Metrology
- Optical Networking and Communications Market
- Optics and Light in Life Science
- Theoretical Physics
- Chemicals, Optical Coatings, Thin Films
- Optics and transport on 2D materials

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.
