Dear Attendees,

Dear Attendees,

Meetings International proudly announces the 5<sup>th</sup> International Conference on Microfluidics and Nanofluidics which is scheduled during June 22-23, 2020 in Zurich, Switzerland. The conference emphasizes the theme “An Approach to Better Understand the Micro Mechanics of Fluids”.

The Conference will gather researchers, engineers and scientists in the domain of interest from all over the world to discuss and exchange their ideas in relevant field to establish business or research relations and to find global partners for future collaboration. The Conference program will include Speakers, Poster Presenters, Sponsors, and Exhibitors from the US, Europe, and Asia/Pacific. The conference will be an exhibition covering the latest technological advances and associated products and services from leading solution providers within this field from around the globe.

Sincerely,

Operating Committee

Zurich is the largest city in Switzerland and the capital of the canton of Zurich. It is located in north-central Switzerland. The official language of Zurich is German but the main spoken language is the local variant of the Alemannic Swiss German dialect, Zurich German. Most of Switzerland's research and development centres are concentrated in Zurich.

Switzerland ranks at or near the top globally in several metrics of national performance, including government transparency, civil liberties, quality of life, economic competitiveness, and human development. Zurich has been ranked among the top cities in the world in terms of quality of life according to Mercer.
