# INVITATION

**M**adridge Conferences invites all the participant from all over the world to the International Chemical Engineering and Catalysis Conference is going to be held at London, UK on May 28-29, 2020.

The annual conference creates a platform for expert's to interact, provides networking opportunities and also to explore the innovative ideas of the other communities, companies and associations.

Catalysis-2020 brings together multiple professionals from scientific disciplines & incorporating concepts from fields such as nano-technology, nano-materials, chemicals,catalysis and its allied areas to enhance the research.

The conference includes plenary lectures and Keynote lectures by eminent personalities from around the world in addition to contribute papers both oral and poster presentations and symposia/workshops..

Sincerely,  
**Catalysis 2020**  
Organizing Committee

Catalysis 2020

## Conference Themes:

- Chemical Reaction Engineering and Catalysis
  - Green Energy and Biomass
  - Chemical Engineering Thermodynamics
  - Electrochemistry and Electrochemical Engineering
  - Nano-Chemistry and Nanotechnology
  - Chemical Industry and Market Analysis
  - Environmental Catalysis and Green Chemistry
  - Homogeneous & Heterogeneous Catalysis, Molecular Catalysis and Industrial Catalysis
  - Photoelectrochemistry, Photocatalysis and Photoreactors
- Chemical Synthesis and Catalysts Synthesis
  - Organometallics, Organocatalysis and Bioinorganic Chemistry
  - New Trends in Catalysis and its Applications
  - Chemical Engineering of Polymers-Polymer Engineering
  - Biocatalysis and Biotransformation
  - Petroleum & Petrochemical Engineering

For the abstract guidelines and sample abstract format please see: [Guidelines](#)

Catalysis 2020 Abstract Submission starts from **October 16, 2019** . All the abstracts should be submitted through [online abstract](#) submission or can be mailed at [catalysis@madridge.com](mailto:catalysis@madridge.com)
