ABOUT

Barcelona, the cosmopolitan capital of Spain's Catalonia region, is known for its art and architecture. The fantastical Sagrada Família church and other modernist landmarks designed by Antoni Gaudí dot the city. Museu Picasso and Fundació Joan Miró feature modern art by their namesakes. City history museum MUHBA, includes several Roman archaeological sites.

Catalonia and Barcelona has become one of the first tourist destination of Spain, it has everything to please the majority of visitors : with a history among the oldest in Europe, a capital, Barcelona, which never sleeps and an inland full of charm not to forget beautiful beaches in La Costa Brava. The variety of artistic treasures, the Romanesque churches and the great names in modern art and architecture.

Barcelona sited between the sea and the mountains, has found a formidable balance: a foot in the traditional things and the other in the avant-garde. Barcelona has the reputation of being the most cosmopolitan, modern and avant-garde city in Spain and it has renewed for the 1992 Olympic Games.
