2020

Future Shape of Palliative Care and Healthcare: Accessions, Organizations & Research

Conference Dedicated to Innovate Solution to the Public Health Challenges

Your single Destination to reach Largest Assemblage of participants from Palliative Care 2020 Community

Opportunity beyond any Comparison to Attend & Network

Experience the Global Ambiance with Researchers with Similar Significance

Make New Associations and Fostering Potential Partnerships

Learning & Knowledge in a Single Package

Worldwide Acknowledgement to your Research Profile

Explore the best in Cutting Edge Research

Learn Beyond your Field of Interest

Professional Development to Elevate your Knowledge and Skills

Palliative Conference 2020

Speakers Representation from 50+ Countries

1 Conference | 2 Days | International Conference on Palliative Care series

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating Barcelona, Spain!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the **"Medical Summit and Expo on Palliative care, Women's Health and Gynecology"** scheduled during **November 23-25, 2020 at Rome, Italy.**

The Conference will be organized around the theme ***"Building Patient Care for Prolonging the Life Span of Individuals"***

Palliative Care 2020 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Palliative Care to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Professors. and researchers working on Palliative Care from both academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Olivia Brown

Program Manager | Palliative Care Conference 2020

Organizing Committee

We are back again! Conference that dedicated to Innovate Solution to the Public Health Challenges, one conference which future the shape of Palliative Care. Our Conference will organize and allow to access the global researchers around the world in a single platform. Palliative Care Conference 2020 will provide a great opportunity beyond any comparison to attend and network with Palliative Care Community.

Join us at our 2020 edition of Palliative Care to Experience the Global Ambiance with the Researchers who work with similar significance of research. Palliative Care Conference 2020 will help you to get answers to all your queries related to your research work and also it creates an great opportunity to make new associations and also helps to foster potential partnerships. Palliative Care 2020 will be an great platform for you to create long lasting relationship with the fellow researchers from Palliative Care 2020 Community.

Get worldwide acknowledgement to your research profile where more than 55000 Visitors who analyzed our conference website to attend and submit proposals of their research work. Where this was recorded as the highest number of Visitors from both, developed and developing nations. While we penetrate the study of visitor, navigation, and traffic patterns to determine the success of our conference website majority amount of traffic we receive from cities like New York, London, Valencia, Amsterdam, Madrid, Barcelona, Athens, Sydney, Paris, Frankfurt, Tokyo, Osaka, Melbourne, Moscow and Vienna.

Palliative Care 2020 website is attracting 56000+ Palliative Care, Palliative Care and Research, Types of Palliative Care, Healthcare and Management, Midwifery and Palliative Care, Palliative Care Leadership and Management, Oncology Palliative Care, Clinical Palliative Care and Palliative Care Practice, Cancer Palliative Care, Women's Health Palliative Care, Neonatal , Maternal Healthcare Palliative Care and Emergency and Critical Care Palliative Care and Obstetrics & Gynecology Palliative Care.

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Palliative Care 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Purpose

With members from around the world focused on learning about Advanced Concepts in Palliative Care Research and Quality in Healthcare, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Palliative Care to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Palliative Care Research and Quality in Healthcare and overcome barriers that limit access to care and services.

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Palliative Care
- Discuss and apply recent research findings related to Palliative Care
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

Who should attend?

Nursing Research Scientists, Healthcare Researchers, Palliative Care Organizations, Associations, Pharmacists, Palliative Care, President, Dean, Professors and societies, Business delegates, CEO's and R&D Heads from Industries, Directors, Industrial Leaders, Palliative Care 2020 Specialties are Surgeons, Physicians, Dermatologists, Registered Nurses, people working in Laboratories, Palliative Care Practitioners, Plastic Surgeons, Researchers, Professors, Medical Devices and Pharmaceutical Companies, Health Care Industries and all Associations and Societies related to Nursing associations & foundations, Professors and Students from Academia in the study of Palliative Care Research and Healthcare and researchers who utilize novel techniques and knowledge in Palliative Care.

CME & CPD

Palliative Care 2020 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee

The live format of this educational activity will be accredited with CME and CPD Credits.

Diverse Action-Oriented Programming & Networking

EXPERIENCE: Inspiring change around the country and world, growing a revolution from the Palliative Care Research and Quality in Healthcare.

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Palliative Care and more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

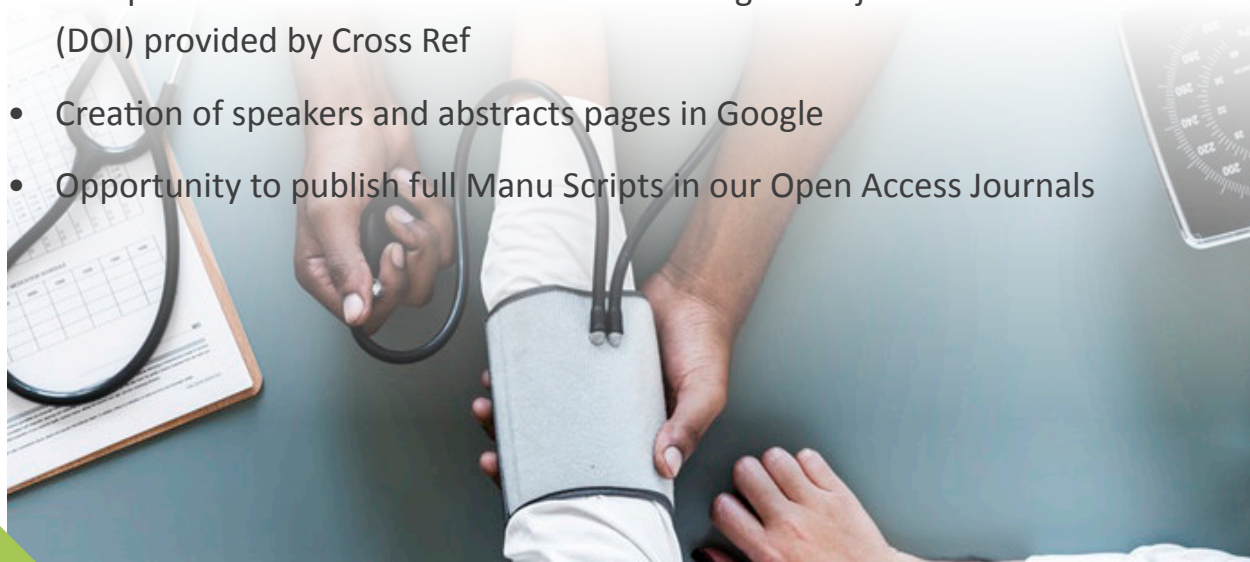

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Quantifying Benefits:

In Palliative Care 2020, You can spend a reasonably short period of time and get substantial information on diverse topics that we focus in the areas of Advance Palliative Care research and Quality in Healthcare.

Our speakers are specialized in these fields and have already done the sifting and selection of information from a wide variety of sources and stay competitive in today's fast-paced world.

Participation and engagement possibilities: Be a speaker, Chair/Co-chair a session, be part of a panel discussion or member of scientific committee, conduct a workshop/symposium, propose a session/track, conduct a pre-conference workshop or Present a poster at Palliative Care 2020 Conference.

Networking with peers: Face-to-Face time networking with the most eminent speakers in the profession will help raise your profile and develop your career. Most people can help each other uncover ideas and spark inspiration when they get to know each other on a personal level.

Educational openings: The instructive part of Palliative Care 2020 Conference can open you to better approaches for leading your exploration, business and enable you to find how to be more gainful to the communities

Quantifying global visibility: With over 250K visitors per month and 130K new visitors to our congress would help in quantifying your research and biography visibility to the online communities and get recognized.

Academic rigor blended with Business acumen: Not all the international meets are truly blended with the right mix that has the necessary subject matter expertise, practical experience in implementation, as well as the ability to engage audiences in workshops/seminars in an interesting way that stimulates thought and debate

Expert Position Branding: When you are active in your industry, you can develop a reputation as an expert to your peers and your clients. Those who are engaged over the long term are often asked to speak at the events and to write articles for their industry publications.

Exhibitor Opportunities: Exhibitors can conduct business, cultivate their image and can look for business partners.

Scientific Sessions

- Palliative Education
- Pediatrics
- Adolescent and Puberty Health
- Types of palliative care
- Evidence based practice in palliative care
- Clinical Sexology and Sex Therapy
- Palliative research
- Health care and management
- Palliative therapy
- Nursing and Clinical palliative care
- Holistic palliative care
- Palliative care leadership
- Cancer Palliative care
- Mental health
- Gerontology and Geriatrics
- Legal aspects in palliative care
- Obstetrics and gynecology
- Polycystic ovary syndrome (PCOS)
- Neonatal and maternal
- Midwifery
- Women's Health and Family Planning
- Palliative Care services at The End of Life

Palliative Care Conference 2020 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Palliative Care 2020 is an unique platform to increase your reputation within the Palliative Care Sector

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

1 Conference | 3 Days

This gathering empowers a typical stage for the members to talk about their research keeping in mind the end goal to set up a scientific network between the academia and industry and to assess the rising advancements and developments to explore new conceivable outcomes and enhancing the existed opportunities.

The Global Market for Healthcare Analytics and Technologies had reached USD 6.2 Billion in 2016, USD 8.92 Billion in 2017 and expected to reach USD 14.9 Billion by 2022, at a CAGR of 15.8%.

The Market for Residential Healthcare and Adult social care services have shown growth in recent months. With the UK's emerging aging population and advancing, age-related health conditions demand of adequate social care has been increased. Because of this industry revenue is expected to rise by 1.9% over the years through 2019-21, including expansion of 2.3% in the current year, reaching £6.8 billion.

And estimation of the economic value of the adult social care sector in England is more than £20 billion per year. Furthermore, growth in average annual health care spending is expected to range from in 2.4% in western Europe - 4.9% in N.A from Asia 8.1%, and Australia to 8.7% in middle east and Africa.

The growth rate of the Palliative Care, Women's Health and Gynecology graduates is also increased by 48% across the 22 EU countries that are OECD (The Organisation for Economic Cooperation and Development) members.

Europe now ranks 2nd next to North America in the regional segment of global skilled Palliative Care 2020 services because of high Healthcare expenditure coupled with an elevated sense of awareness.

Rome has the unique specialty of being the capital of two states: Rome serves as the capital of Italy also serves as the capital of the Lazio region is the fourth most famous city in Europe. Rome is much fame for its sculptures, paintings, architecture, commerce, culture, fashion, and science. Rome is the fourth most populous metropolitan city in Europe, with around 4,355,725 residents.

Rome is ranked as an Alpha-global city by the Globalization and the World Cities Network.

EUR one of the districts in Rome serves as the base of many associations involved in Palliative care Nursing, the pharmaceutical industry, and financial services. Rome is also famous for fashion and design centers.

Climate:

Rome enjoys a Mediterranean climate with cool, humid winters and warm, dry summers. Its average annual temperature is above 20 °C (68 °F) during the day and 10 °C (50 °F) at night. In the coldest month – January, the average temperature is 12 °C (54 °F). In the warmest months – July and August, the average temperature is 30 °C (86 °F). Snowfall is rare but not unheard of. The average relative humidity is 75%, varying from 72% in July to 77% in November. Sea temperatures vary from a low of 13 °C (55 °F) in February and March to a high of 24 °C (75 °F) in August
