Nursing Congress 2020

About

Nursing Congress 2020 is designed to provide Nursing Practitioners, Resident Nurses, Nursing & Healthcare Professionals and other allied experts in the field of nursing and Midwifery with up-to-date practicing knowledge in nursing and to create an invaluable platform to network with global and regional leaders as well as to collaborate with the most influential speakers, and informative panels. Year 2020 named as “**Year of the Nurse and Midwife**” endorsed by World Health Organization (W.H.O) in recognition of **Florence Nightingale’s** 200th birthday. Our congress theme is “*Disseminating awareness in Nursing practices and Maternal care*”. We take the great privilege to host high-level keynote presentations by renowned experts in the field, oral presentations by our esteemed speakers, poster presentation sessions by young researchers and students, workshops, and networking opportunities. With all these sessions, you will know the advanced practices and efforts for betterment of nursing practices and maternity care across the globe.

On behalf of Research Valley conferences, Nursing Congress 2020 proudly welcomes all the prestigious Nurses, Nurse Practitioners, Registered Nurses, Postgraduates, Healthcare Doctors, and Healthcare Specialists in Nursing under one roof to connect each other and focus on the challenges and advancements on several topics such as Nursing Education, Nursing Research, Nursing Informatics, Mental Health Nursing, Paediatric Nursing, Oncology Nursing, Family Nursing, Public Health Nursing, Cardiac Nursing, Holistic Nursing, Midwives challenges and many more interesting topics.

Why to attend?

Nursing Congress 2020 is one of the interesting, informative and productive events for the Nursing Community.

By participating in this conference, attendees will be able to know the advances in Nursing Practice & challenges of Midwives.

Nursing Congress 2020 gives an open stage to discuss about the role of Nurses and Midwives in public health care and maternity care. And also, it gives an opportunity to discuss about the challenges facing by the healthcare professionals.

About Venue

Barcelona, Spain

Barcelona is the capital city of the autonomous community of Catalonia in the Kingdom of Spain, as well as the country's second most populous municipality, with a population of 1.6 million within city limits. Being the sixth-most populous urban area in the European Union after Paris, London, Madrid, the Ruhr area and Milan. It is the largest metropolis on the Mediterranean Sea, located on the coast between the mouths of the rivers Llobregat and Besòs, and bounded to the west by the Serra de Collserola mountain range, the tallest peak of which is 512 meters (1,680 feet) high. Barcelona propositions the best of both worlds, situated on the Costa Brava on the Spanish Mediterranean coast, the city gently rises up from the coastline through the city and up into a range of wooded hills. Famous for breaking ground art, avant-garde chefs and architecture; the city eclipses many others for its creativity and forward thinking. Barcelona is a dynamic, open Mediterranean city. It is the perfect city to relax, stroll around and enjoy its unique way of life. Barcelona offers so much to the cultural visitor, there is so much to see, something new and exciting awaits around every corner:, The famous Las Ramblas avenue, Gothic architecture, Gaudi's GüelParc and the unfinished La Sagrada Cathedral, La Ribera and La Barceloneta, The old Raval quarter, a beachside ravel of corridor style streets where you can find some fantastic resident restaurants and bars, away from the typical tourist area. Getting around Barcelona is easy. You can pretty much walk around the entire city.

We wish to see you at Barcelona!!!
