

International Conference on

Ageing Research and Geriatric Medicine

April 22-23, 2020
Berlin, Germany

Theme:

Innovations in Elderly Care Practices for Promoting
Healthy Ageing Research

Invitation

EuroSciCon is glad to invite all the professionals from the Field of Ageing Research and Geriatric Medicine to attend the International Conference on Ageing Research and Geriatric Medicine which is going to be held in the month of April 22-23, 2020 Berlin, Germany with theme “Innovations in Elderly Care Practices for Promoting Healthy Ageing”

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

April 22-23, 2020
Berlin, Germany

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the Globe. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

With over 25000+ Gerontologists and Educators accessing the website, Ageing Research 2020 is the most lucrative platform for practitioners in the fields of Biology, Ageing Research, Nursing, Medicine, Gerontology and Health Care professionals, Professors, Researchers, Academicians and Industry professionals pursuing their work in this field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile

Ageing Research and Geriatric Medicine 2020

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

April 22-23, 2020
Berlin, Germany

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

Who'd be attending?

Leading world Doctors, Health Care professionals, Professors, Research fellows, Leading Universities, Students, Nurses, Directors of association and societies. Ageing Research 2020 conference brings together individuals who have an interest in different fields of Geriatrics, Gerontology, Palliative care, Aging and health sciences, health care administrators and students are working in this multidisciplinary field to understand the physiology, biology of Ageing Research so as to make quality life available to the adults. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Molecular Ageing
- Nutrition Care & Standards Of Living
- Ageing Disorders
- Ageing Technology
- Clinical Trials of Ageing
- Ageing And Cognition
- Evolution of Ageing
- Nutrition Care & Standards Of Living
- Psychiatric Disorders And Ageing
- Geroscience
- Health Science, Geriatrics, Gerontology
- Life Extension Science
- Senescence & Ageing
- Biological Theories Of Ageing

See your work **PUBLISHED** in one of our related journals

- Journal of Biomedical Sciences
- Asian Journal of Plant Science & Research
- Journal of Medical Research & Health Education

April 22-23, 2020
Berlin, Germany

About Destination Berlin, Germany

Berlin lies in northeastern Germany, east of the River (Saxon or Thuringian) Saale, that once constituted, together with the River Elbe (from their confluence onwards), the eastern border of the Frankish Realm. Berlin, Germany's capital, dates to the 13th century. Reminders of the city's turbulent 20th century history include its Holocaust memorial and the Berlin Wall's graffitied remains. Divided during the Cold War, its 18th century Brandenburg Gate has become a symbol of reunification. The city's also known for its art scene and modern landmarks like the gold-colored, swoop-roofed Berliner Philharmonie, built in 1963. Berlin is an international city of culture, politics, media and science. Its economy is based on high tech firms and the service sector, encompassing a diverse range of creative industries, research facilities, media corporations and convention venues. Berlin serves as a continental hub for air and rail traffic and has a highly complex public transportation network. The metropolis is a popular tourist destination. While the Frankish Realm was primarily inhabited by Germanic tribes like the Franks and the Saxons, the regions east of the border rivers were inhabited by Slavic. Berlin is home to world-renowned universities, orchestras, museums, and entertainment venues.
