## About Conference:

After a Successful conference in 2019 Scholars Conferences is proud to present the highly anticipated “Scholars International Conference on STD, HIV and AIDS Research” (STD 2020) to be held on September 14-15, 2020 at Rome, Italy. The conference program consists of world-class keynote addresses, industry-led presentations, as well as extensive networking opportunities, creating an interactive platform for high-level scientific and business discussions. Over 100+ delegates representing leading Universities, Colleges, Institutes, Organizations, Companies internationally renowned research & academic institutions will be present at our prestigious conference. STD, HIV and AIDS Research conference will provide a global networking opportunity for researchers, industrialists and start-up companies to gain valuable advice and insight from other attendees. STD, HIV and AIDS Research conference create a stage for exchanging the latest research results and sharing the advanced research methods. STD conference will be a valuable and important platform for inspiring international and interdisciplinary exchange at the forefront of STD and HIV Research. Over the course of 2 days, internationally-renowned speakers will describe how their research journey has developed in response to contemporary challenges: inspirational lessons in HIV delivery initiatives and creativity. The attending experts and industry partners will also provide a fantastic networking experience. The Conference will bring together academicians, drug delivery scientists, product development specialists, formulation/pre-formulation scientists from all over the world, and we hope that you will take this opportunity to join us for academic exchange and visit the city of Rome.

Join us at Rome!

# Glimpses

## About Organizer:

ScholarsConferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of “Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together”. We have a stable and growing client base that ranges from small and medium-sized organizations worldwide. Our production and management teams are located in the US, UK, Japan and India access to deep pools of subject matter experts.

Scholars Conferences strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

We offer an excellent global platform for upcoming young researchers, scientists, professors and other affiliated people to share their research in that particular field.

All the Conferences, Meetings, Workshops, Courses and Webinars conducted by Scholars International are accredited with Continuing Professional Development (CPD), Continuing Education (CE), and Continuing Medical Education (CME) Credits.
