JAM JAM GROUP

# YOUR PERFECT PARTNER FOR OUTSOURCED PROCESSING PACKING & STORAGE

PROCESSING

PACKING

TURNKEY  
PROJECTS

STORAGE

We believe that the key element in success is to truly understand clients business needs. This way, we can provide you with service solutions that will help grow your business. From processing and packing to storage, with processing & Packing, cold storage and warehouse facilities at close proximity spread across India we thrive to reduce our clients overheads. Our solutions allow our clients to react to rapid changes in the market while minimizing their investment risks and operational costs.

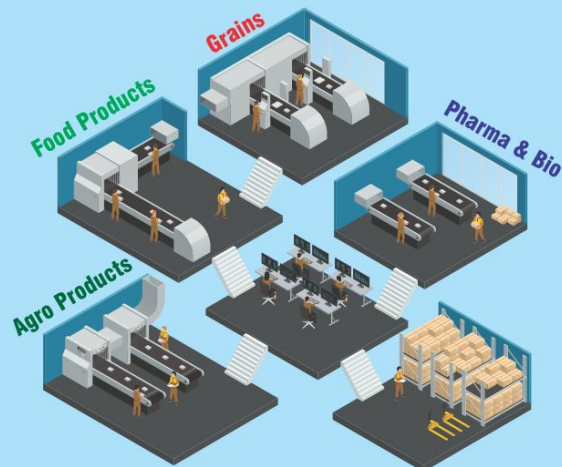

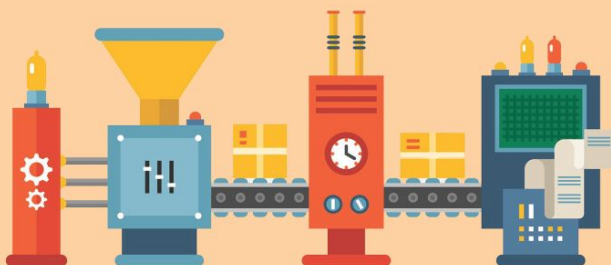

#### Our comprehensive list of services include-

##### Processing

The caliber of your company will be determine by the quality of your end product. You want a production partner with the right tools, versatility, skill and acute attention to industry standards and regulations. Jam Jam Group specializes in providing processing and packing solutions for a large spectrum of industries with commitment to grow from strength to strength on the back of solid performance, adoption of the latest technologies, building up a team of trained professionals and a determination to delight customers.

##### Our Processing Capabilities

- ◆ Seed & Grain Processing
- ◆ Food Processing
- ◆ Pharma Processing
- ◆ Bio Products Processing

##### Packing & Re-Packing

As one of the top packaging & packaging companies, we specialize in customized packaging solutions made to order, no matter where you exist within our larger supply chain that exists across India. When you choose to outsource contract packing to our team, you can specify that we use nearly any type of packaging, labeling. From retail pouches to fiber drums to railcar transport, the range of our capabilities is as wide as it is reliable. We even offer re-packaging options for those who need ingredients prepared for subsequent production stages down the line.

##### Our Packing & Re-Packing Capabilities

- \* Primary Packaging
- \* Secondary Packaging
- \* Shelf-Ready Packaging
- \* Multi-Packs
- \* Dry and Wet Blending
- \* Dry and Wet Filling
- \* Re-Packaging
- \* Bulking
- \* Stalking
- \* End-to-End Solutions for Any Container Size or Type

##### Storage (Warehouse & Cold Storage)

Storage is a crucial link between processing and distribution to the consumer. Regulations alone require a level of detail that can only be met by professional warehousing companies. We cover all the bases. all our warehouse and cold storage facilities have specialized agro & food product warehousing capabilities to store raw ingredients, packaging supplies and finished goods, all of which are housed in separate areas for quality control.

Our finished goods storage locations in the heart of the agriculture corridors provide you with increased logistics flexibility and more comprehensive options for storage and direct shipping - and that makes moving products just a little bit easier.

##### Our Storage Capabilities

- ✓ Warehouse
- ✓ Cold Storage
- ✓ Custom Warehouse options as per client needs.
