Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating Prague, Czech Republic!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the "**2nd World Congress on Chemistry, Drug Design and Development**" scheduled during **July 20-21, 2020** at **Prague, Czech Republic**.

The Conference will be organized around the theme "**Recent Research and Challenges in Drug Design and Development.**"

Drug Design 2020 anticipates more than 300 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Pharmaceuticals and Drug Delivery Systems to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Pharmacologists, Biotechnologist, Pharmacists, Clinical Scientists, Pharmaceutical Entrepreneurs, Healthcare Professionals, Pharmaceutical Industrialists, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences in the field of pharmaceuticals and advanced drug delivery systems .

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Louis Philippe

Organizing Committee

WELCOME MESSAGE

We are back again! Conference that dedicated to Innovate Solution to the Public Health Challenges, one conference which future the shape of Drug Design and Development. Our Conference will organize and allow to access the global researchers around the world in a single platform. Drug Design 2020 will provide a great opportunity beyond any comparison to attend and network with Pharmaceutical and Healthcare Community.

Join us at our 2020 edition of Pharmaceuticals and Advanced Drug Delivery Systems to Experience the Global Ambiance with the Researchers who work with similar significance of research. Drug Design 2020 will help you to get answers to all your queries related to your research work and also it creates an great opportunity to make new associations and also helps to foster potential partnerships. Drug Design 2020 will be an great platform for you to create long lasting relationship with the fellow researchers from pharmaceutical and Healthcare Community.

Get worldwide acknowledgement to your research profile where more than 55000 Visitors who analyzed our conference website to attend and submit proposals of their research work. Where this was recorded as the highest number of Visitors from both, developed and developing nations. While we penetrate the study of visitor, navigation, and traffic patterns to determine the success of our conference website majority amount of traffic we receive from cities like New York, London, Valencia, Amsterdam, Madrid, Barcelona, Athens, Sydney, Paris, Frankfurt, Tokyo, Osaka, Melbourne, Moscow and Vienna.

Drug Design 2020 website is attracting 56000+ Pharmacologists, Biotechnologist, Clinical Sentients, Chemists, Healthcare Professionals, Technicians, Pharmacists, Research scientists, Pharmaceutical Associations and Societies, Pharmaceutical companies, Professors and Students..

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Drug Design 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Purpose

With members from around the world focused on learning about Pharmaceuticals & Advanced Drug Delivery Systems, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development and experience
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Pharmaceuticals and Drug Delivery Systems to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Drug Discovery and Drug Delivery problems and overcome barriers that limit access to care and services.

Objectives

To promote Research and Development of new Drugs

- Better understanding of pharmaceutical products amongst the medical profession
- To promote Drug research in all its branches
- To foster a better understanding of pharmaceutical products amongst the medical profession
- To encourage among the members
- To initiate connection with all the Pharmaceutical Industry
- To apply research findings in pharmaceutical and drug delivery.

Who should attend?

Professors, Doctors, Students and Research Scholars from Universities and Colleges, Academicians, Researchers, Scientists from Research Institutes, Pharmaceutical firms, Clinical Scientists, Pharmacologists, Pharmacists, Biotechnologist, Pharmaceutical Industrialists, Business Delegates, Healthcare Professionals and Pharmaceutical Entrepreneurs.

CPD

Drug Design 2020 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee

The live format of this educational activity will be accredited with CPD Credits.

Diverse Action-Oriented Programming & Networking

EXPERIENCE: Inspiring change around the country and world, growing a revolution from the heart of Pharmaceuticals and Drug Delivery research.

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Pharmaceuticals and Drug Delivery Systems and more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Scientific Sessions

Drug Targeting & Design	Advanced Pharmacotherapy
Pharmacokinetics & Drug Interactions	Chemotherapy & Immunotherapy
Pharmacodynamics	Phytotherapy & Drug Delivery
Pharmacogenomics	Challenges in Drug Delivery
Pharmacology & Toxicology	Advances in Drug Delivery Research
Pre-formulation & Formulation Aspects	Pharmaceutical Nanotechnology
Pharmaceutical Technology	Novel Drug Delivery System
Industrial Microbiology & Biotechnology	Targeted Drug delivery system
Regulatory Affairs & Requirements	Alternative Drug Delivery Systems
