About inCommunity

inCommunity was established in 1982 (as Ipswich Independent Youth Service), to address the growing issues experienced by young people and families, including homelessness, substance abuse, family breakdown etc. Today we deliver Community Support Programs in Ipswich and surrounding areas as well as training across Queensland through our Tenancy Skills Institute.

Our training arm, the Tenancy Skills Institute, delivers Australia's first and only competency based tenancy course developed in partnership with, and endorsed by the real estate industry. Through the Tenancy Skills Institute we have agreements in place with 41 organisations who are accredited to deliver training on our behalf.

Wednesday 19 March, 1.00-3.00 pm
