## Invitation to Attendees:

Dear Attendees,

Scientific federation welcomes you to attend the 6th World Congress and Expo on Public health, Epidemiology & Nutrition on during September 17-18, 2020 | Vancouver, Canada. We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Public health, Nutrition & Epidemiology. Public Health Congress 2020 anticipates more participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related Conference Series. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists. The main theme of the conference is “Virtual Health care Aspects of Medical and Nutritional Management”.

Life is full of give and take. Make it count in your professional life.

Sincerely,  
Public Health Congress 2020  
Organizing Committee

## Conference Objectives

As the conference theme Promoting “ Virtual Health care Aspects of Medical and Nutritional Management” the main goal of WCEPEN-2020 is to underpin the need for collaboration and cooperation of individuals from a wide range of professional backgrounds to protect the health of entire populations and to contribute to the innovative future ideas about Public health. It also aims to promote awareness and enhance research aiming in developing solutions for the various public health challenges encountered.

## Career Development for Participants

Other than the main objective the 6<sup>th</sup> World Congress and Expo on Public health, Epidemiology & Nutrition (WCEPEN- 2020) is designed for the career development of all the participants in many ways. The WCEPEN-2020 conference has been designed with many experts of the field of Education including best researchers, education scientists, industry experts, policymakers and many sectors professionals, women activists and many more related experts

## Unique Features of the Conference

There are unique features of the conference i.e. Panel Discussions, Publication Workshop, Conference Chair Workshop, Career Development Workshops, Networking Opportunities along with the highest grade of Publication Opportunities. Therefore, the conference will provide a key platform for the development of researchers with international and diversified knowledge and experiences, enhancing the quality decision making of policymakers and promoting the highest utilization of research knowledge. Eventually, the participants will be able to experience for productive and efficient product development in the industry as well as in the corporate sector.

Overall the WCEPEN-2020 is aligned with the Sustainable Development Goal 3: Good Health and Well – being and the conference will be a significant part of achieving SDG's to make our earth a better place for everyone

## Abstract Selection Criteria:

Each proposal will be carefully reviewed by the WCEPEN Conference Committee. The committee will review proposals based on:

- Extent to which the proposal targets and is relevant to conference attendees
- Definition and focus of topic
- Practical application of material
- Timeliness and importance of topic
- Overall program quality

In Addition Each Program Proposal Should:

- Encourage active learning (indicate in the proposal what active learning strategies you will use to engage the audience in the session instead of having them passively listen to information; some possibilities include case study exercises, role playing, small group discussion, facilitated brainstorming, action plans, quick quizzes, etc.)
- Please note that concurrent session proposals may be combined by the conference planning committee to form a single session in the event of a large number of proposals, or proposals that are complementary in nature, topics, and/or presenters.
- WCEPEN cannot guarantee that proposals submitted after the due date and/or incomplete proposals will be considered.

## Main Sessions

- |                              |                           |  |

## Previous Glimpses:

# Venue Attractions:

Vancouver is an unusual mix of big city culture and laid back West Coast style. Surrounded by towering evergreens and the North Shore Mountain range, the view alone makes flying into Vancouver International Airport worth the visit.

## Capilano Suspension Bridge

There is nowhere else in the world you can see a First Nations performance following a walk 70 meters above the Capilano River. Take a shuttle to the Capilano Suspension Bridge from downtown for free.

## BC Place

There is nowhere else in the world you can see a First Nations performance following a walk 70 meters above the Capilano River. Take a shuttle to the Capilano Suspension Bridge from downtown for free.

## Canada Place

Built to look like a ship, Canada Place is one of the city's most iconic buildings. Take in the view of the port and city skyline.

## Stanley Park

Bike, run, or simply wander the winding trails of Stanley Park, a natural paradise almost entirely surrounding by water right in the heart of the city. Save on parking and take public transit.

## Vancouver Art Gallery

The Vancouver Art Gallery offers ever-changing exhibitions, lectures and public events, as well as works by the region's most celebrated painter, Emily Carr. Entry is free Tuesdays after 5:00PM.

## Museum of Anthropology at UBC

Featuring artifacts from all over the world, the museum is best known for its collection of totem poles, jewelry and pottery of the Pacific Northwest Coast's First Nation peoples.

## Vancouver Aquarium

Deep in Stanley Park is the gigantic Vancouver Aquarium. Get a sneak peak of the action by visiting their website for the Beluga Cam or Sea Otter Cam.
