

Welcome Message by Chair

I take great pleasure and am very honored to welcome all the participants to attend "6th World Congress & Expo on Public Health, Epidemiology and Nutrition (WCEPEN-2020)" which will take command throughout September 17-18, 2020 at Vancouver, Canada. This is a great opportunity to absorb valuable information regarding the vast changes in our world today with advances that have occurred through areas such as Public Health, Nutrition and constant changes in Epidemiology.

It is so important to keep a updated flow of information through education and this Conference will be a wonderful opportunity to first hand be involved with experts in these fields. This is valued information that can help change the health direction into a positive and effective future!

I look forward to meeting everyone in attendance to continue of invested care a progressive developments for better service and health outcome.

Dr. Marilyn Parkin
Plenary Speaker
CEO/Founder/Professor
International College of Medical Intuition, Inc, Canada
Public health & Nutrition 2020
