# About City and Venue

LONDON is the capital and most populous city of England and the United Kingdom., London is a 21st-century city with history stretching back to Roman times. At its centre stand the imposing Houses of Parliament, the iconic ‘Big Ben’ clock tower and Westminster Abbey, site of British monarch coronations. London is often regarded as a world cultural capital. It is the world’s largest financial centre.

London is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. London has a diverse range of people and cultures, and more than 300 languages are spoken in the region.

The London Natural History Society suggest that London is “one of the World’s Greenest Cities” with more than 40 percent green space or open water. They indicate that 2000 species of flowering plant have been found growing there and that the tidal Thames supports 120 species of fish.

The capital is home to beautiful Royal Parks, including Hyde Park and Richmond Park. The Thames provides a stunning backdrop to many of the city’s top tourist attractions. There are plenty of places to view the iconic skyline along the river such as View from The Shard or the London Eye. The London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city. .
