## Purpose

With members from around the world focused on learning about Pharmaceuticals & Advanced Drug Delivery Systems, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

## Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development and experience
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Pharmaceuticals and Drug Delivery Systems to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Drug Discovery and Drug Delivery problems and overcome barriers that limit access to care and services.

## Objectives

- To promote Research and Development of new Drugs
- Better understanding of pharmaceutical products amongst the medical profession
- To promote Drug research in all its branches.
- To foster a better understanding of pharmaceutical products amongst the medical profession.
- To encourage among the members.
- To initiate connection with all the Pharmaceutical Industry.
- To apply research findings in pharmaceutical and drug delivery.

## Who should attend?

Professors, Doctors, Students and Research Scholars from Universities and Colleges, Academicians, Researchers, Scientists from Research Institutes, Pharmaceutical firms, Clinical Scientists, Pharmacologists, Pharmacists, Biotechnologist, Pharmaceutical Industrialists, Business Delegates, Healthcare Professionals and Pharmaceutical Entrepreneurs..

## CPD

Euro Pharmaceuticals 2020 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee

The live format of this educational activity will be accredited with CPD Credits.

### Diverse Action-Oriented Programming & Networking

**EXPERIENCE:** Inspiring change around the country and world, growing a revolution from the heart of Pharmaceuticals and Drug Delivery research.

**EXPLORE** the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

**PARTICIPATE** in afternoon panels and workshops/symposiums on diverse topics of Pharmaceuticals and Drug Delivery Systems and more!

**NETWORK** with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

**SHARE** your insights and learning at the conference in participatory and experiential workshops.

**DISCOVER** powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

**CELEBRATE** how great a difference one person can make, and how building community amplifies that change.
