Why to Attend???

21st International Pharmaceutical Conference and Expo is among the world's leading pharmaceutical conference. The two-day occasion on pharmaceutical sciences will have 60+ logical and particular sessions and sub-sessions on innovative researches in the field of pharmaceutical sciences over the globe. Medicine-Pharma-2020 will involve 16 imperative sessions proposed to offer broad sessions that states issues in the diverse fields of research and pharmaceutical sciences.

The attendees can find exclusive sessions and panel discussions on latest innovations in Pharma and Pharmaceutical Sciences.

- Lectures from renowned speakers
- Keynote forums by Prominent Professors, Doctors
- Open Innovation Challenges
- Poster presentations by Young Researchers
- Global Networking sessions with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Meet the editors of referred journals, Society and Association members across the Globe
- Excellent platform to showcase the latest products and formulations in Pharma Care

Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Cardiology and Healthcare are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Pharmaceutical Sciences: Academic and Industry Overview
- Pharmacognosy and Phytochemistry
- Pharmaceutical Chemistry
- Drug Discovery, Design & Development: Challenges and Approaches
- Nanotechnology in Pharmaceuticals
- Pharmaceutical Manufacturing
- Novel Drug Delivery Systems
- Nano medicine and Biomedical Applications
- Pharmaceutical Analysis
- Pharmaceutical Microbiology
- Industrial and Physical Pharmacy

Medicine Pharma 2020

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.
- Selected contributions will be published in following reputed high impact factor Journals.
 - ☞ Research & Reviews: Journal of Pharmaceutical Analysis
 - ☞ Journal of Pharmacy and Pharmaceutical Sciences
 - ☞ Journal of Pharmaceutical Sciences & Emerging Drugs

Perth, capital of Western Australia, sits where the Swan River meets the southwest coast. Sandy beaches line its suburbs, and the huge, riverside Kings Park and Botanic Garden on Mount Eliza offer sweeping views of the city. The Perth Cultural Centre houses the state ballet and opera companies, and occupies its own central precinct, including a theatre, library and the Art Gallery of Western Australia.

As part of Perth's role as the capital of Western Australia, the state's Parliament and Supreme Court are located within the city, as is Government House, the residence of the Governor of Western Australia. Perth came seventh in the Economist Intelligence Unit's August 2016 list of the world's most liveable cities and was classified by the Globalization and World Cities Research Network in 2010 as a Beta world city. The city hosted the 1962 Commonwealth Games.

Perth has a lot to offer and is a great place to live but there are some issues that will present themselves over time. Australia is very multicultural and Perth is no different. The multiculturalism adds to the diversity of peoples, food etc. and for the most it is very much welcomed.
