VIRTUAL SESSION ON ENHANCING SCHOOL ENVIRONMENT TO GREENER & HEALTHIER SPACE

2 June 2020, 1030 - 1300 hrs

Indian Green Building Council (IGBC), part of CII in its efforts to instill sense of Green in young minds has launched Green Schools Programme. The council is spearheading the Green Schools movement through various awareness programmes, competitions and certification process. Through its Green Schools initiative IGBC has touched 18 - 20 Lakh school children which resulted in enhancing awareness on converting schools into Green Schools.

To take forward this national initiative, IGBC is organising session to schools with an objective to enhance the existing school environment into greener & healthier places.
