

Make-A-Wish creates life-changing wishes for children with critical illnesses. According to the 2011 Wish Impact Study, a wish come true helps children feel stronger, more energetic, more willing and able to battle their life-threatening medical conditions. For many of them, it marks a turning point in their fight against their illnesses. The wish experience works in concert with medicine to make their patients feel better, emotionally and physically. Most adult former wish kids say their wish experiences helped to save their lives.

Based in Phoenix, Make-A-Wish is the world's largest wish-granting organization with 60 chapters throughout the United States and its territories and 41 international affiliates on 5 continents. Make-A-Wish New Jersey was founded in 1983. Serving children in every municipality in the Garden State, Make-A-Wish New Jersey has granted over 10,000 wishes since its inception.

For more information about Make-A-Wish New Jersey, call 800.252.WISH or visit www.nj.wish.org and discover how you can share the power of a wish!
