YASHWIN ORIZZONTE Kharadi Pune - What essentially guides an organisation during its journey, scaling new heights - one mission after another, towards their vision, with consistency, is its philosophy. At Vilas Javdekar Developers, the very essence of our philosophy consists of a reverberant belief – We Love What We Do! When you love what you do, it reflects in the work you do, the love and respect you earn, and the appreciation bestowed upon you. This philosophy is the foundation of every single activity undertaken by [Vilas Javdekar Developers](#). This is what sets team VJ apart from the rest. It is what empowers us to be a good organisation, and inspires us to keep challenging our peak potential. Our solid foundation of trust has been built over the years, through testing and opportune times alike. It is due to this trust that [Vilas Javdekar Developers](#) has earned the respect and goodwill which we embody today.

All this goodwill stems from our passion for what we do. And when we speak of passion, we mean every word that we promise. Perhaps that is why we have a consistent track record of on-time delivery and a growing family of loyal customers. Another aspect that sets us apart is our 'Possession Guarantee' for each of our projects. We strive hard to ensure that once we commit a possession date to a customer, it is met under any circumstance. Innovative design has always been at the core of all our endeavours. From our office furniture to some of our most prized structures, design is an integral part of our DNA. But innovative designs mean researching for new materials, delivery techniques and maintaining our track record of possession. Through our undying love for what we do, we have maintained the highest design standards while staying true to our promises. And this has led us to winning several awards across several projects and categories. As we continue our journey towards creating more iconic structures, we'll always stay true to the two values that have brought us success and goodwill – trust and design.
