

Facilitated by
award-winning speaker,
author, and creator of
Catalytic Coaching,
Gary Markle

Catalytic Coaching Mastery Program

Newly redesigned online workshop focused on an **interactive experience** with **immersive exercises** that have practical applications for professionals of all Catalytic Coaching skill levels, beginner to advanced.

You will learn how to:

- Integrate and implement Catalytic Coaching in your organization
- Resolve real-life problem situations with challenging employees
- Overcome the common barriers to success
- Effectively enhance the coaching skills of managers
- Increase productivity through employee performance

You should participate, if...

You're a company leader or HR professional responsible for implementing, maintaining, or enhancing performance management.

And, if your company...

- Needs a performance management system that works
- Has fully or partially completed a Catalytic Coaching implementation
- Is planning to go through a Catalytic Coaching implementation, with or without training assistance
