About GPMB 2021

Magnus Group cordially invites you to "6th Edition of Global Conference on Plant Science and Molecular Biology" which is held during September 30-October 2, 2021 in Paris, France.

GPMB 2021 is an international forum that congregates distinctive and international experts of both academics and industries from different corners of the world. This platform is composed of keynote sessions, oral and poster presentations, E-posters, workshops.

Main aim of Plant Science Conferences 2021 is to compile all the plant science experts, professors, researchers, botanists, to exchange and skill the novel concepts and innovations specializing in each theory and practices within the field of Plant Science and Molecular Biology.

Conference Topics

- · Plant Biotechnology
- Plant Biology
- Plant Physiology and Biochemistry
- Plant and Environment
- Plant Biochemistry and Biosystems
- Plant Molecular Biology
- Agronomy and Agricultural Research
- Plant Ecology and Taxonomy
- Phytochemical Analysis
- · Microbiology and Phycology
- Weed Science and Pest Management
- Plant Entomology
- Plant Sciences and Plant Research
- Plant Pathology and Mycology
- Plant Nutrition and Soil Sciences
- Plant Diseases and Bryology
- Plant Anatomy and Morphology
- Plant Science: Antibodies, Antigens and Antibiotics
- Plant Metabolic Engineering
- Plant Hormones
- Plant Genetics and Genomics
- Plant Tissue Culture
- Plant Neurobiology
- Sensing and Signalling in Plant Stress Response

Top Reasons to Attend

Be up to Date: Uncover what's going around the world in the field of Plant Science, Molecular Biology through presentations by experts.

Globalize your Institution: Launch your institution in front of renowned personalities from universities, industries and academia. This conference will set a platform for enduring partnership and globalizing commercialization and production.

Discover the Latest Technologies: See how innovative technologies are being developed and used around the world.

Emerging Topics: GPMB 2021 is wrapped with many interesting and emerging topics from Plant Science and Molecular Biology

Be Inspired: Understand the values of emerging research and technologies in plant science when you hear to inspiring talks by your co speakers.

Grow: GPMB provides a unique convergence of networking, learning and fun into a single package. GPMB forces you to grow and challenge yourself.

Tips, Tricks & Techniques: GPMB 2021 is all about sharing. Our speakers are receptive and helpful. Come with questions and leave with answers.

Let your Voice be Heard: As a speaker at GPMB 2021 you can express your views and opinions to a room full of audience from all over the world.

Collaborate And Sponsor: If you think we are a match – we would be excited to globalize your products and Services.

Explore Paris: Witness the beauty of Paris by visiting the historic places and take time to taste the French food.

Anabel Rial B, Independent consultant / Member UICN-SSC Freshwater Specialist Group, Venezuela

The conference was very well organized, I really appreciate it

Leonardo Rocha, UNIVERSIDAD AUTONOMA AGRARIA ANTONIO NARRO, Mexico

The event was Excellent

Oleg Tikhodeyev, Saint Petersburg State University, Russia

It was a real pleasure to participate in the "4th Edition of Global Conference on Plant Science and Molecular Biology (GPMB 2019)

Vidya Patni, University Of Rajasthan Jaipur, India

The GPMB was a very interesting conference with a lot of good presentations and interaction. We could meet good scientists from all over the globe.

Samir C. Debnath, St. John's Research and Development Centre, Canada

I really enjoyed the conference and it is very fruitful.

Kenneth Tryggestad, University of Queensland, Australia

This conference has given me plenty of opportunities to network and provided better understanding in broad topics that are happing around the world in plant science and Molecular Biology. This conference has really very good overview on broad topics.

Cornelia Butler Flora, Kansas State University, USA

I found the conference well-organized with a good diversity of papers and posters from around the world. An excellent opportunity to learn!

Monica Ruffini Castiglione, University of Pisa, Italy

It is a very challenging and well organized meeting, good to have attendees from all over the world.

Leif Sundheim, Norwegian Institute of Bioeconomy Research Norway

Congratulations with the very successful conference Plant Science and Molecular Biology 2017. The lectures and posters at the conference were on «State of the arts» level. Also, I met many interesting colleagues. I presented a Keynote lecture and served as chairman throughout day 2 of the Conference.

Elena Rakosy-Tican, Babes-Bolyai University, Romania

One of the most interesting conferences, having a huge number of presenters.

Samir C. Debnath, St. John's Research and Development Centre, Canada

The conference is very good and scientists from many countries attended. We all enjoyed the conference very much.

Antonio Domenech-Carbo, University of Valencia, Valencia Spain

The meeting is very interesting. The complete view is towards different aspects of the plant science and it's a fruitful meeting for all the participants.

Why Paris??

Paris is the capital and the most populous city of France. One of the most breath-taking works of architecture: The Eiffel Tower, The Notre Dame, Place De La Concorde, Arc De Triomphe, The Louvre, Les Invalides are the most famous pieces of architecture that attracts the tourists to feast their eyes upon in this city. Paris has been one of Europe's major centres of finance, commerce, fashion, science, music, and painting. The city is a major rail, highway, and air-transport hub served by two international airports. Paris is especially known for its museums and architectural landmarks: the Louvre was the most visited art museum in the world in 2017, with 8.1 million visitors. Paris is a dream place to visit for the art and architecture lovers.
