National Exhibition Construction Center (NECC)
No. 1 Do Duc Duc, Nam Tu Liem, Hanoi

INTERNATIONAL TRADE FAIR FOR:

CONSTRUCTION, MINING AND TRANSPORT
MACHINERY, EQUIPMENT, TECHNOLOGY, VEHICLE AND MATERIAL

Contech Vietnam 2021

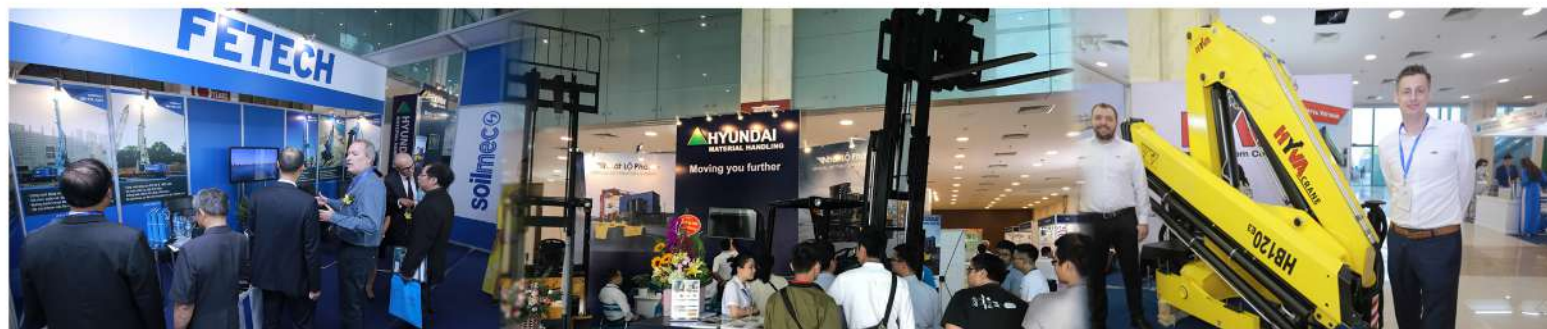

SUCCESSFUL PLATFORM FOR TOP BRANDS

After the overwhelming response and success of previous exhibitions, the 4th Contech Vietnam returns in October 2021 in Hanoi with significant improvements, for the purpose of creating a professional playground and becoming a leading platform for the construction, transportation and mining industries in Vietnam.

Providing with a diversity of topics, technology and products on display, the Exhibition has attracted participants from several fields. This is not only a place where you can introduce and promote your brands but also where investors, experts can access and exchange information, establish partnership and trade promotion.

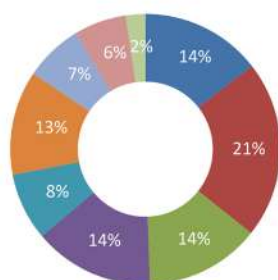

With the organizer's experience and prestige, Contech Vietnam has gained great support from related Ministries, domestic and international agencies, professional associations from the earlier days of foundation and development.

Contech Vietnam reaffirms its position as the leading international trade event for the construction, mining and transportation industries in Vietnam.

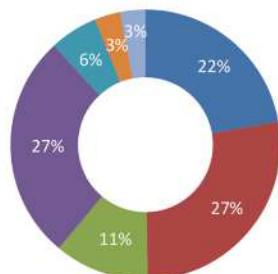

OUTSTANDING FIELDS AT CONTECH VIETNAM

- Construction Vehicles
- Construction machinery & equipment
- Mining machinery & equipment
- Technology
- Observation, testing, experimental equipment
- Building materials & manufacturing machinery
- Services
- Contractors

CLASSIFICATION OF VISITORS

- Manufacturers
- Distributors
- Explorers
- Importers
- Management agencies
- Media
- Others

MARKET OUTLOOK

Vietnam's Construction Industry – Ready for new investment wave in 2021:

- Remarkable recovery and growth potential
In the first quarter of 2020, the construction industry grew at 4.37%, considered to have the highest growth rate in the major economy markets in Asia.

- Challenges for development of enterprises
Competitive pressure among contractors remains non-decline during the epidemic since the competitive strategy is mainly on price, causing revenue and profit margin to decline.

Vietnam's Mining Industry - Stable recovery:
In the first quarter of 2020, the mining industry showed the constant growth: coke (15.9%), refined petroleum (16.7%), metal ore (15.7%),... In 2021, the Mining industry is expected to thrive with advanced technology and export boosting.

Vietnam's Transport Industry - Implementation, quality assurance for Planning:
In the first 6 months of 2020, the CPI of Vietnam increased by 4.19% compared to the same period in 2019, of which Transport section to account for the largest proportion. In 2021, Transport industry is in prompt preparation for national planning project for the 2021-2030 period on road, railway, port, airport, and inland waterway sectors.

Contech Vietnam 2021

VIETNAM INTERNATIONAL TRADE FAIR FOR CONSTRUCTION, MINING & TRANSPORT MACHINERY, EQUIPMENT, TECHNOLOGY, VEHICLE & MATERIAL

EXHIBITION SCALE

- **100** Exhibitors
- **5000** Sqm/Exhibitor Area
- **4000** Visitors

PRODUCTS ON DISPLAY

Construction:

- Technology solutions, structure and technical solutions for construction
- Equipment, machinery and vehicles for building and installation
- Supporting equipment, machinery and vehicles for building and installation, including controlling, surveying, measuring and work safety systems
- Equipment for building management, security, fire protection, telecommunication information
- Technologies, equipment and machinery for waste treatment, environment pollution prevention in construction and building
- Design and supervision consultants, management consultants

Building Materials:

- Building materials, including finishing materials
- Technologies and technical solutions for material manufacturing
- Equipment, machinery for building material manufacturing

Mining Industry:

- Technologies and solutions for mineral mining and processing
- Equipment, machinery and vehicles for mining transporting and processing, including production line.
- Waste treatment, environment pollution prevention of mineral mining and processing.
- Materials and additive use for mineral mining and processing

Transportation:

- Transportation Infrastructure: technologies and projects
- Construction for all modes of transport: machinery, parts and components/ safety technologies/ finishing/ communications/ maintenance/ repair/ consulting, etc
- Public Transportation: vehicles, equipment, and components; Communication and information technologies/ traffic management and data
- Freight transport and logistics services

Market and Industry information through participation of:

- Industrial and trade promotion units of the Government and NGOs
- Research organizations
- National pavilions
- Universities and Institutes

VISITOR PROFILE

- Architects/ Engineers
- Professionals, Scientists, Investors & Developers
- Contractors
- Project Management Board, Building materials and Mining industry
- Experts in consultation, research and development
- Macro management and policy makers
- Foreign organizations
- Design and supervision consultants, project managers
- Foreign trade units

REGISTER FOR PARTICIPATION

Standard booth:

360 USD/m² (9m²)

Indoor raw space:

300 USD/m² (minimum 36m²)

Outdoor raw space:

210 USD/m² (minimum 50m²)

EXTRA COST

- Special booth design and construction
- Additional equipment rental
- Conferences, Seminars

CO-LOCATED EVENTS

- Seminars/Conferences

Get access to cutting-edge updates and experiences from leading experts, held by dedicated Associations and Organizations in the field of Construction, Mining, and Transport.

- Technical Presentation

For the purpose of Exhibitors to introduce new products and technologies, as well as to launch promotion on press and television channels; establish reputation for your own products at Contech Vietnam.

- Business Matching

A platform where Exhibitors and Visitors can meet with each other and also with top units in each field, thereby institute potential partnerships prior to, during, and after the Exhibition.
