

Neuroscience 2021

3rd International Conferences on

Neurology and psychiatric disorders

September 27-28, 2021

**Theme: Research & Advancements to cure Mental Health and
Neurological Disorders**

About Neuroscience 2021

Neuroscience 2021 provides a vibrant platform for sharing knowledge among the neurologists focusing on the New Research and Treatments. The workshops are designed for academia and industrial benefits who want to have updated knowledge on management and treatment techniques. The Conference gathers expert surgeons in the world to share their experience and guide participants to explore advanced surgical techniques.

Abstract Submission Topics

- Neurology
- Neurons
- Neurological disorder
- Central nervous system
- Spine and spinal disorders
- Neuro-degenerative disorder
- Pediatric neurology
- Neuro epigenetics
- Neuro oncology
- Clinical neurology
- Dementia
- Parkinsons disease
- Alzheimer's disease
- Spinal bulber muscular atrophy
- Neuronal development and regeneration
- Cellular and molecular neurobiology
- Neurogenomics
- Neuropsychiatry and behavioral science
- Diagnosis and imaging techniques
- Neurochemistry
- Nursing and neuroscience
- Vascular dementia
- Neuro nursing
- Neuropsychology
- Neuroinfections

Abstract Submission Open :
January 01, 2021

Deadline for Abstract :
September 15, 2021

Registration Opens :
January 01, 2021

Deadline for Registrations :
September 27, 2021

Call for Abstracts

The Neuroscience 2021 invites abstracts related to the new scientific research in all the fields of Neurology, Brain disorders, Neurodegeneration technology and its methods and its related aspects. Registrants are invited to submit an abstract for consideration for oral, poster presentation and 3 Minute Thesis. In general we encourage more specific to the current research fields representing innovation and recent technologies. Abstracts received will be reviewed by scientific committee from aspirants and categorized as speaker talks and poster presentations.

► Why to join ?

- Meet Experts & Influencer Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

► Entrepreneur conclave

The conclave intends to encourage entrepreneurs and provide opportunity to showcase and connect with global scientific community and industry.

► Round table Discussion

The right conference can be a game changer for your research and professional career. More importantly, the Round table conversation brings the experts networking and create the goldmine of opportunities.

► Workshop/ Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

► Develop Networking with.....

- Industry leaders
- Product scientists
- Development managers
- C-level executive
- Academicians

► Unique Services

- University Promotions
- Organizational collaboration
- Recruitment Drives
- Technical Trainings
- Technical Workshops at your Universities
- Career development sessions
- Post Conference Networking
- Scientific Success sessions
- Exhibitor Talk / Sponsor Talk
- Themed Paper Presentations
- Focused Discussions
- One-Day Registration
- Business meetings / one to one meetings
- Webinars
- Customised Conferences

Associated Journals

Singapore Journal of Neuroscience, quarterly peer reviewed journal publishes papers describing the results of original research on any aspect of the scientific study of the nervous system. Any paper, however short, will be considered for publication provided that it reports significant, new and carefully confirmed findings with full experimental details. SJN will be publishing and widely disseminating the highly rigorous research representative of the breadth of neuroscience; to ensure the peer review system remains rapid and fair; and to provide outlets for discussion of neuroscience that are not available elsewhere, allowing for competing ideas, debate, and questions around neuroscience.

Singapore Journal of Neuroscience is particularly interested in receiving manuscripts that report original investigations, observations, comparisons among different tools and techniques used in Neurosciences. Manuscripts are invited on the broad areas of research such as molecular, cellular, developmental, structural, functional, evolutionary, computational, and medical aspects of the nervous system. Editors will be more interested to accept the manuscripts on Behavioral & Cellular Neuroscience, Clinical Neuroscience, Computational & Molecular Neuroscience, Neuroengineering, Neuroimaging and Neuroinformatics, Neurophysiology and Systems Neuroscience, Cognitive Neuroscience, Transational Research and Medicine and more.

GUIDELINES

For Keynote/ Speaker

- All presentations should be in Microsoft PowerPoint format.
- Presentations as well as all audio visual material should be presented in only in English.
- Presentations should be submitted to Organizer at least 2 hours before the session in USB memory stick.
- Presentation Duration: 20 – 30 Minutes.
- Each Talk will be followed by Q & A.

For Poster Presenters

- Poster Dimensions: 2x3 M
- Font style: Arial/Times New Roman in a reasonable font size
- Contents: Poster should include Overview, Introduction, Methods, Results and Conclusions
- Presentation Duration: 10 – 15 Minutes
- Best Poster will be Accredited with certificate & official letter

Benefits of attending in Teams:

1. Recharge and Rethink
2. Empower
3. Prepare the team for future
4. Unique team building experience
5. More learning opportunities for your team

For more details regarding the team discounts mail to the program manager

Visa Information

- Only registered clients will get official letter of invitation.
- Attendees need to finish Registration & Authenticated information submission to get official letter of invitation [i.e., Passport (Scan copy), DOB, Mobile Number, Physical Address and Photograph].
- LARIX do not involve in processing VISA, we assist only by providing official letter of invitation.
- Contact program manager for more information.
- Official Letter of Invitations will be provided only to attend the conference.

Accompanying person	\$ 249	\$ 249	\$ 249

Poster Presentation Competition

A Poster session is a one-to-one informal discussion between presenters and their audience on a conference-related theme

Aim :

- A poster is a graphically based approach to presenting research. In presenting your research with a poster, you should aim to use the poster as a means for generating active discussion of the research.
- Limit the text to about one-fourth of the poster space, and use "visuals" (graphs, photographs, schematics, maps, etc.) to tell your "story."

Visuals :

- Posters should include a title, name and affiliation of the presenter(s) labelled with lettering at least 1" (2.54 cm or 72 point) high from the top of the poster space.
- Before you design your poster, consider how much text should appear in the display.
- Present numerical data in the form of graphs, rather than tables (graphs make trends in the data much more evident). If data must be presented in table-form, KEEP IT SIMPLE.
- Visuals should be simple and bold. Leave out or remove any unnecessary details.
- Make sure that any visual can "stand alone" (i. e., graph axes are properly labeled, maps have north arrows and distance scales, symbols are explained, etc.).
- Use color to enhance comprehension, not to decorate the poster. Neatly coloring black-line illustrations with color pencils is entirely acceptable.

Eligibility :

- Candidates pursuing under graduation or Post graduation are eligible to participate in the Competition and win the International award.
- Age should not exceed 26 years

Logos :

Remember to advertise your Institution! Always include the University logo. Also include your Research Centre logo. Use high quality images – poor quality, low resolution images will make your poster look poor quality too.

YOUNG RESEARCHER AWARD

Eligibility

- Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.
- The topic must fit into scientific sessions of the conference.
- Each individual participant is allowed to submit only one paper (10 slides, 15 minutes).
- None of the authors should have senior position or faculty position.
- Participants should be below the age of 30 years.
- All submissions must be in English.

Benefits

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.

Tentative Agenda

September 27, 2021 | Monday

September 28, 2021 | Tuesday

08:30-09:00	CONFERENCE ENROLLMENT	
09:00-09:15	WELCOME NOTE EXHIBITOR SESSIONS	
	Keynote Talks	Keynote Talks
	Talk 1	Talk 1
09:15-10:45	Talk 2	Talk 2
	Talk 3	Talk 3
	Session Panel Discussions & Group Picture	
10:45-11:00	Refreshments & Networking	
	SESSION KEYNOTE	SESSION KEYNOTE
11:00-12:20	Workshop / Symposia	Workshop / Symposia
	SESSION KEYNOTE	SPEAKER SESSION
11:00-12:20	Neurology	Neurological disorder
	Neurons	Central nervous system
	Lunch & Networking	
13:00-13:50	SESSION KEYNOTE	SPEAKER SESSION
	Spine and spinal disorders	Neuro epigenetics
13:50-14:50	Neuro-degenerative disorder	Neuro oncology
	Pediatric neurology	Clinical neurology
	SESSION KEYNOTE	
14:50-16:10	Workshop / Symposia	
	Refreshments & Networking	
	SESSION KEYNOTE	SPEAKER SESSION
	Dementia	Cellular and molecular neurobiology
	Parkinsons disease	Neurochemistry
16:25-18:05	Alzheimer's disease	Neuropsychiatry and behavioral science
	Spinal bulber muscular atrophy	Vascular dementia
	Neuronal development and regeneration	Neuropsychology

CALL FOR NOMINATIONS

Best Oral Presentation Award

Best YRF Award

Best Poster Presentation Award

Send your Proposal to info@larixconferences.com

Why to **JOIN AT** Neuroscience 2021

- Networking for future collaborations
- Publication
- Socialization
- Spark New Ideas.
- Energy of Like-Minded Individuals
- Added research value
- Travelling
- Presenting a paper
- Fresh Perspective
- Generate New Content

Explore Singapore

Singapore, an island city-state off southern Malaysia, is a global financial center with a tropical climate and multicultural population. Its colonial core centers on the Padang, a cricket field since the 1830s and now flanked by grand buildings such as City Hall, with its 18 Corinthian columns. In Singapore's circa-1820 Chinatown stands the red-and-gold Buddha Tooth Relic Temple, said to house one of Buddha's teeth.
