

# Online course on Certified Professional in ENERGY EFFICIENCY

27 - 29 January 2021

Confederation of Indian Industry

## Topics :

- Introduction to Energy Management & Energy Audit methodology
- Policy & Regulatory Framework for Energy Efficiency in India
- Energy Efficiency in Utilities
- Energy Efficiency in Thermal Systems
- Renewable Energy Systems
- Energy Efficiency in Electrical Systems
- Energy Management system
- Energy Efficiency Financing
- Innovative and emerging technologies for Energy Efficiency
- GHG & Climate Change
- Role of Energy Manager
- Energy Efficiency case studies

The improvement of energy efficiency has become the most important tool for industries striving to achieve excellence in cost competitiveness. Energy cost, being one of the major components of cost of production, not only necessitates the installation of energy efficient technology but also to inculcate energy efficient practices and methods amongst the plant personnel. As a part of this, CII - Sohrabji Godrej Green Business Centre (CII-Godrej GBC) is organizing a two-day Advanced Training Programme on Energy Efficiency.

The faculty for the training programme will be the technical staff from CII-Godrej GBC.

## Objectives of Training :

- To disseminate latest techniques and advancements in the field of energy management
- Provide information on latest energy saving ideas
- Develop participants to create innovative energy saving ideas through actual implemented case studies
- Highlight managerial skills required to sustain energy conservation activities

## Target Audience

Senior Managers	Operation Engineers
Middle Managers	Energy Consultants
Junior Managers	Energy Auditors
Maintenance Engineers	Consultants, etc.

**1** Complimentary Delegate\*  
for every 4 registrations

### Delegate Fee (Inclusive of GST)

Non Members	Rs 10,000/-
CII / IGBC Members	Rs 9,000/-
