“Current Innovative research trends in diet with
best nutritional values.”

Invitation

On behalf of the Organizing Committee, we are delighted to invite you to the “International Conference on Food Nutrition & Dietetics 2021” which will be held in Aug 27-28, 2021 | Paris, France.

We are gathering a world-class panel of expert speakers to address you from both, international and regional communities. This congress will provide you with a platform to share experiences and discuss breakthroughs in various specialist fields and a necessary criterion to successfully assess & expand your own practices. We have included keynote lectures, round table discussions, video sessions and abstract sessions covering a wide array of topics for you to be introduced to the latest technologies and techniques in the field of Food Nutrition & Dietetics 2021.

Food Nutrition & Dietetics 2021 will also have several live surgical workshops and from the wide array of presentations submitted to us by the research committee, the scientific committee will choose the best ones to be presented during the congress and the best presentations will be recognized and awarded.

We have kept the registration fee at affordable rates to encourage the participation of young upcoming practitioners and scientists. The congress venue is conveniently located in the center of the city, close to the airport, metro stations, and shopping destinations. We are confident that this Congress will exceed your expectations, offering an exciting scientific event as well as an enjoyable social and cultural experience.

Interaction between speakers and the audience will once again be a key feature of the meeting, with open discussions aimed at better understanding the Nutrition Deficiency diseases and available Advanced Innovative Nutrition Value options.

We would be very grateful if you could make suggestions on emerging topics in order to do provide the best service.

Your presence and participation will, as always, be the key in our work.

We look forward to meeting you all in Paris, France.

Regards,
Program Director

Guidelines

Speaker

Oral presenters will be allocated 20 minutes for their presentation and 5 minutes for questions and answers

Our experience indicates that up to 10 slides are optimal, allowing 1 minute per slide

Speakers should plan to rehearse their presentations in advance to assure they effectively and efficiently

Make sure your slides are readable. The slides should not include multiple rows of text in small font. 24pt and up is usually safe

Poster

Posters ought to animate discussion, not give a long introduction.

Be sure to incorporate the abstract title, author and co-author names, and the organization where research is in progress.

Use charts and graphs to illustrate data

Researchers/Students are eligible for poster presentations.

Important Dates:

Abstract Submission Opens : January 29, 2021
