About Dubai

Dubai is the most populous city in the United Arab Emirates (UAE). UAE extends on a triangle formed by water and land on the eastern flank of the Arabian part, by the entrance to the Persian Gulf, with extensive coasts to the west, north and east bordering the Arabian Sea. The UAE has its own claims to beauty, both natural and manmade.

Dubai alone is an eye-catcher with its incredible manmade monuments such as the Burj Khalifa, the Dubai Frame, and the Museum of the Future, the Burj Al Arab and the Palm Islands. The deserts offer a richly varied landscape, bordered by the craggy peaks of the Hajjar Mountains. The mosques of Dubai, Sharjah and Abu Dhabi are simply amazing, notably the Sheikh Zayed Mosque of Abu Dhabi. The rugged Hajjar Mountains with its highest peak, the Jebel Jais is home to the world's fastest zip line. A visit to this incredible country is well worth your UAE visa, so go for it.
