About Critical Care 2021

Critical Care 2021 provides a vibrant platform for sharing knowledge among the Researchers & Innovators, Professors, students focusing on the New Research and Treatments. Webinar is designed for academia and industrial benefits who want to have updated knowledge on management and treatment techniques. The Webinar gathers expert Stake Holders in the world to share their experience and guide participants to explore advanced cardiology Techniques.

Abstract Submission Topics

- Interventional Cardiology
 - Nuclear Cardiology & Cardiac CT
 - Cardiac Electrophysiology
 - Pediatric Cardiology
 - Hypertension
 - Cardiac Transplantation
 - Cardiac Regeneration
 - Clinical and Interventional Cardiology
 - Women and Cardiac Arrhythmia
 - Heart Diseases & Heart Failure
 - Women and Cardiac Arrhythmia
 - Sports Cardiology
 - Nano Technology in Cardiac
- Science
 - Cardiovascular Toxicology and Pharmacology
 - Cardiac Nursing and Healthcare
 - Types of Cardiovascular Disease
 - Artificial Intelligence in Cardiology
 - Echocardiography & Cardiac Imaging
 - Clinical Case reports on cardiology
 - Cardiac and Cardiovascular Research
 - Case Reports on Cardiology

Abstract Submission Open :
April 01, 2021

Deadline for Abstract :
September 18, 2021

Registration Opens :
April 01, 2021

Deadline for Registrations :
September 19, 2021

Call for Abstracts

The Critical Care 2021 invites abstracts related to the new scientific research in all the fields of Cardiology, Hypertension, Critical care and its related aspects. Registrants are invited to submit an abstract for consideration for oral, poster presentation and Young Research Forums. In general we encourage more specific to the current research fields representing innovation and recent technologies. Abstracts received will be reviewed by scientific committee from aspirants and categorized as speaker talks and poster presentations.

► Why to join ?

- Meet Experts & Influencer Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

► Entrepreneur conclave

The conclave intends to encourage entrepreneurs and provide opportunity to showcase and connect with global scientific community and industry.

► Discussion

The right conference can be a game changer for your research and professional career. More importantly, This conversation brings the experts networking and create the goldmine of opportunities.

► Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

► Develop Networking with.....

- Industry leaders
- Product scientists
- Development managers
- C-level executive
- Academicians

► Unique Services

- University Promotions
- Organizational collaboration
- Recruitment Drives
- Technical Trainings
- Technical Workshops at your Universities
- Career development sessions
- Post Conference Networking
- Scientific Success sessions
- Exhibitor Talk / Sponsor Talk
- Themed Paper Presentations
- Focused Discussions
- One-Day Registration
- Business meetings / one to one meetings
- Webinars
- Customised Conferences

Associated Journals

Singapore Journal of Cardiology aims to publish manuscripts integrating clinical and research activities in the fields of basic cardiovascular science, clinical cardiology and cardiac surgery, with a focus on emerging issues in cardiovascular disease. The journal is peer reviewed, open access and quarterly journal. The Singapore journal of Cardiology also promotes multidisciplinary dialogue between cardiologists, cardiothoracic surgeons, cardio-pulmonary physicians and cardiovascular scientists.

The **Singapore Journal of Cardiology** urges the writers to put special emphasis on the discoveries and current developments in cardiovascular medicine, cardiovascular Diseases, epidemiological studies, new methodological clinical approaches in valve replacement and all sorts of cardiovascular disorders.

Singapore Journal of Cardiology is an independent, scientific, peer-reviewed journal of original articles that focus on the practical, clinical approach to the diagnosis and treatment of cardiovascular disease. Manuscripts are invited on the report on systemic hypertension, methodology, drugs, pacing, arrhythmia, preventive cardiology, congestive heart failure, valvular heart disease, congenital heart disease, and cardiomyopathy.

GUIDELINES

For Keynote/ Speaker

- All presentations should be in Microsoft PowerPoint format.
- Presentations as well as all audio visual material should be presented in only in English.
- Presentations should be submitted to Organizer at least 2 hours before the session Through Mail.
- Presentation Duration: 20 – 30 Minutes.
- Each Talk will be followed by Q & A.

For Poster Presenters

- Font style: Arial/Times New Roman in a reasonable font size
- Contents: Poster should include Overview, Introduction, Methods, Results and Conclusions
- Presentation Duration: 10 – 15 Minutes
- Best Poster will be Accredited with certificate & official letter

Benefits of Webinar

1. Recharge and Rethink
 2. Empower
 3. Prepare the team for future
 4. Unique team building experience
 5. More learning opportunities for your team
- For more details regarding the team discounts mail to the program manager

Webinar Guidelines

- Deliver good audio quality.
- Define the transformation.

Key Points

- Keep the energy and enthusiasm
- Manage questions strategically.
- Record evergreen content

Speaker	\$ 199	\$ 249	\$ 299

YOUNG RESEARCHER AWARD

Eligibility

- Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.
- The topic must fit into scientific sessions of the conference.
- Each individual participant is allowed to submit only one paper (10 slides, 15 minutes).
- None of the authors should have senior position or faculty position.
- Participants should be below the age of 30 years.
- All submissions must be in English.

Benefits

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
