

1st Sustainable Bioenergy and Processes Conference

Promoting bioeconomy in the midst of conventional energy resources

HYBRID

SECOND CALL FOR ABSTRACTS

The abstract/s submission for the Sustainable Bioenergy and Processes Conference (Hybrid), Cape Town, South Africa is now open. Participants are invited to submit abstract/s in one or more of the following topics.

<p>Biomass derivatives and products: Fuels, chemicals, carriers</p> <ul style="list-style-type: none"> • Hydrogen and chemicals production from biomass • Biomass derived fuels (solids, liquids and gases) • Biomass derived carbon materials • Biosorbents 	<p>Bioenergy processes</p> <ul style="list-style-type: none"> • Thermochemical conversion of lignocellulose materials • Biorefining • Lignocellulose waste valorisation
<p>Bioenergy and sustainability</p> <ul style="list-style-type: none"> • Sustainable energy and circular economy • Life cycle analyses • Bioeconomy: policies and implementation 	<p>Biofuel for industry and transportation</p> <ul style="list-style-type: none"> • Electric power generation • Application of biofuels in automotive engines/vehicles • Biofuels and legislation

All accepted abstracts will be published in an electronic book of abstracts. Full papers will be published in a conference proceedings and selected full papers that meet publishing requirements will be published in a special issue of Biofuels, Biorefining and Bioproducts (Guest Editors: Prof. Thokozani Majozi and Prof. Shu Zhang).
