

WEBINAR

September 21 , 2021

**ABOUT
DRUG CHEMISTRY
2021**

Organising the leading conferences has been at the heart of ME Conferences. We add the vision and aim that will facilitate our participants to travel through the top notch researches and newest advancements. We are here this year with the "22nd World Conference on Pharmaceutical Chemistry and Drug Design" which is going to be held during September 21, 2021.

DRUG CHEMISTRY 2021 is an international platform for exploring research works, advanced practices, researches on various divisions of Pharmaceutical and Drug developments. This Virtual meet encourages the participants to outlive in "Exploring the discovery and development of drugs".

22nd World Conference on

**PHARMACEUTICAL
CHEMISTRY AND
DRUG DESIGN**

DRUG CHEMISTRY 2021

Conference Sessions

- COVID-19 Drug Research
- Drug Design
- Stereochemistry
- Protein Biochemistry
- Antibody Drug Therapy
- Molecular Modelling and Drug Designing
- Pharma Medicinal Chemistry
- Materialistic Chemistry & Synthetic Chemistry
- Proteomics & Bioinformatics Drug Discovery
- Anti-Cancer Medicinal Chemistry
- Clinical Trials and Regulatory Affairs in Pharmacy
- Molecular diversity
- Immunochemistry
- Medicinal Chemistry and Pharmaceutical Chemistry
- Chemoinformatic Drug Delivery

Registration Benefits

- Access to all sessions online.
- Collaborating & networking with global researchers.
- Get your abstract published in the proceeding open access journal.
- International Speaker participation E-Certificate.
- Global exposure of your research in the conference website.
- Huge Group Registration discounts.
- Abatements will be provided in the next annual series of conferences.
- Concessions upon Article Publication charges are available for the participants, who are interested to publish their research articles in our open access journals.

Target Audience

- Pharmaceutical Researchers
- Lab Technicians
- Chemists & Druggists
- Nobel laureates
- Academicians (Professors, Deans, Directors)
- Pharmaceutical Associations and Societies
- Young Researchers and Students
- Graduates and Post Graduates in Pharmaceutics
- PhD in Pharmaceutical Sciences
- Medical Coding Developers
- Pharmaceutical Industry Professionals (CEOs, MDs, Directors)
- Government healthcare departments, HTA's and drug regulators
- Genomics and personalized medicine experts.
