## Invitation from the Conference Chair

**Dr. Hisham Al Siyabi**  
Exploration Director  
**PDO**

Dear Industry Colleagues,

For any company or individual to sustain in this growing environment of competition where efficiency and profitability are the key growth indicators, it is essential to monitor health and safety in a suitable addressing mechanism. Therefore, it is vital to enhance care of the on-field professionals and maintain safety standards against any category hazards.

Being one of the leading HSE shows in the world, It indeed gives me great pleasure to announce, Global HSE Conference and Exhibition is back with its 8th edition to be hosted in the Sultanate of Oman on 13 - 16 February 2022. Since, Oman is one of the fastest growing economies of the world and in the recent past it has been a propeller to the global economy in the new competitive environment, it is the most suitable location to host the 8th edition of Global HSE.

Oman, hosting Global HSE, offers a platform for the HSE industry stakeholders to share, exchange and deliberate new ideas and innovations, leading to significant strategy formulation for implementation at the workplace. Global HSE is devoted towards promotion and awareness about the HSE policies and technical literacy enabling the HSE industry to compete at the global level.

In addition to the last edition, Global HSE 2022 anticipates participation from 2000+ industry delegates, 200+ participating companies, 25+ countries over 10 industries and 7000+ attendees from across the globe.

Global HSE 2022 will prioritize high-level deliberations and collaborations, catalyse holistic HSE solutions, while providing rewarding experiences to all participants. I welcome you all to the 8th Edition of world's leading HSE conference and invite you to participate and contribute your expertise towards a better tomorrow.

## Invitation from the Conference Chair

**Ghassan Abulfaraj**  
Loss Prevention Manager  
**Saudi Aramco**

Dear Industry Colleagues,

On behalf of Saudi Aramco, I am delighted to invite all industry stakeholders to participate at Global HSE 2022, the 8th International Conference & Exhibition on HSE scheduled to be held from 13-16 February 2022 at the Oman Convention & Exhibition Centre in the Sultanate of Oman.

Over the past 15 months, we have witnessed the true value health, safety and wellness hold in our lives. Our industry places the highest emphasis and significance on the health and safety of employees, stakeholders and contractors by demonstrating visible leadership, deploying advanced technology, and conducting effective benchmarking with international best practices.

This prestigious event set to be organised under the theme of achieving HSE Excellence through Leadership, Sustainability and Technology will be a great platform for HSE Leaders and Professionals across the globe to share their knowledge and expertise which will definitely help in shaping HSE practices for our industries and communities.

The conference promises to provide unprecedented opportunities for its attendees as it thrives to embrace HSE Excellence as a core component for a sustainable future. The conference is recognised for its breadth, expertise and extensive portfolio of strategic as well as technical sessions which advocate the role of HSE across industries and around the globe.

As the global economy continues to recover from the catastrophic impacts of COVID-19, I am confident that Global HSE 2022 Conference and Exhibition is strategically scheduled to discuss various challenges and innovations in the field of Health and Safety along with upholding the global mission of protecting environmental resources.

I would like to welcome all industry leaders to discuss current & future vision of organisations for a better future of our industry at the region's most influential HSE Conference & Exhibition, the Global HSE 2022.

## Invitation from the Conference Chair

**Abdul Rahman Al Yahaei**  
Chief Executive Officer  
**OPAL**

Dear Industry Partners,

On behalf of Oman Society for Petroleum Services (OPAL), it gives me great pleasure to welcome you to the 8<sup>th</sup> edition of Global HSE, The International Conference & Exhibition on Health, Safety & Environment, jointly hosted by the Oman Ministry of Energy and Minerals (MEM), Petroleum Development of Oman (PDO), and Oman Society for Petroleum Services (OPAL), scheduled to be held from 13 - 16 February 2022 at the Oman Convention & Exhibition Center, Sultanate of Oman.

Global HSE is one of the most prominent event exclusive for HSE in the region and the world in general. Global HSE 2022 will provide an exclusive platform for NOCs, IOCs, government representatives, project owners, international service companies, contractors, consultants, and investors to congregate in the Sultanate of Oman to explore the business, and maximize opportunities to enhance HSE.

This year, Global HSE is set to witness the attendance of 7000+ Global Attendees, 2000+ Industry Delegates, 200+ Participating Companies, 100+ Exhibitors, 110+ Speakers from more than 25 Countries who will share their knowledge and experience, leading to the future of HSE practices. The event will be a platform for thought leaders and subject matter experts from across the industry to impart knowledge sessions on sustainable business practices across major industries.

OPAL would like to express its sincere appreciation to the Oman Ministry of Energy & Minerals (MEM) and Petroleum Development of Oman (PDO) for their support in hosting this important HSE conference in the Sultanate of Oman.

I would like to invite all global industry partners & stakeholders to participate at Global HSE 2022 and get the most out of this exclusive knowledge sharing & networking platform.

## Invitation from the Conference Chair

**H.E. Dr. Shaikh Mohamed Al Khalifa**  
Chief Executive Officer  
**BANAGAS**

Dear Industry Colleagues,

Global HSE is the leading platform in the region for HSE leaders to address the most pressing issues and engage in the most promising opportunities of the ever-evolving industry trends. This year you will notice that we have expanded the horizons of Global HSE both in the Exhibition and Conference program with special emphasis on technology & innovation. With the theme HSE Excellence – Leadership, Sustainability & Technology. This year our approach is to achieve Business Excellence with emphasis on Leadership Commitment, Technology, and a focus on Sustainable Goals that organizations can persist in the current competitive and challenging markets while having to meet legal requirements and communities' expectations.

As we take a sneak peek at Global HSE 2019, over 2000 meetings were arranged, enabling the new business to flow smoothly and successfully, with strong representation from international industry players and decision-makers. There are many more highlights awaiting our visitors at this year's Global HSE at the Sultanate of Oman. Being the key meeting point for the HSE sector in the world, the show will also include many seminars, presentations, and workshops.

The show promises to continue the success of the previous events with more than 2000 industry delegates, 200 participating companies, 25 countries, and more than 7000 global attendees from across different industries.

I invite your participation in the region's most influential HSE Conference & Exhibition and extend my best wishes for great success to Global HSE 2022.

## ABOUT GLOBAL HSE

Global HSE Conference and Exhibition is an ultimate platform that promises to provide unprecedented opportunities as it thrives to embrace a sustainable future.

Global HSE is an International cross industry platform initiated and pioneered by a Governing council consisting of HSE thought leaders from all major industries around the globe. The conference is recognised for its breadth, expertise and extensive portfolio of strategic as well as technical sessions which advocate the role of HSE across the industries around the globe.

Over the last seven editions, Global HSE has witnessed remarkable success stories, excellent strategies, and thought provoking ideas to bring about the much needed change throughout the discipline in which we follow occupational health, process safety and sustainability.

## TESTIMONIALS

**Er. Ho Siong Hin**  
Senior Director International WSH  
Ministry of Manpower, Singapore

It was my first Global HSE conference. It was great to be with so many other people who are experts in their fields and shared their expertise. The conference was very well organised and the staff was extremely helpful. Thank you for all your hard work.

**Xavier Bontemps**  
Senior Vice President - HSE  
TOTAL, France

Global HSE conference is something for us that is absolute across all borders in every culture in every company and it's an easy way to interact with all sorts of professionals & talents. I wish good luck to the organisers & looking forward to be a part of next edition in Oman.

**Ian Taylor**  
Ex - CEO  
NEBOSH, UK

First time attended Global HSE conference. It was totally first class from beginning to end. I would like to thank the organisers for this event, and I hope I can come back again.

**Prof. Vincent Ho**  
President  
IOSH, UK

I have found the Global HSE conference to be one of the most valuable conferences I attend. The presentations are wide-ranging and extend from beginner to advanced levels. It is a good place to make professional connections.

# GLOBAL HSE 2022

## ABOUT THE EVENT

Global HSE 2022 will mark its **8th edition** in the Sultanate of Oman, where HSE professionals from all across the globe will converge their knowledge to lead the future of HSE practices. The event will witness thought leaders of the industry who will impart knowledge sessions on the sustainable business practices underlining socio-economic excellence.

The conference is set to the theme of **HSE Excellence - Leadership | Sustainability | Technology** as the core components of the show, the conference will have 4 parallel tracks focussing on Process Safety, Occupational Health, Sustainability and Technology. The conference programme is being designed in cooperation with Technical Committee comprising the elite presence of senior representatives from NOCs, IOCs and major industry operators of the MENA region.

The Global HSE exhibition will be the epicentre for global business leaders to invade and explore advancements across the industry. The event will provide an incalculable platform for NOCs, IOCs, government representatives, project owners, international service companies, contractors, consultants, and investors to explore business, and maximise the potential opportunities in the HSE sector.

# THEME

It is only through achieving Business Excellence with emphasis on Leadership Commitment, Use of Technology and mainstream focus on Sustainable Goals that organisations can persist in the current competitive and challenging market while having to meet legal requirements and communities' expectations

## HSE Excellence

The integral part of all industrial businesses across major industry sectors which contributes to Productivity and Business Continuity. HSE Excellence consists of five main pillars Reliability, Efficiency, Environment, Health and Safety and for each of the above five pillars there are specific elements and processes that support organisations to achieve their ultimate goals of incident and injury work environment

## LEADERSHIP

Leadership commitment plays a major role in achieving and sustaining such culture in any given Organization. Leaders are to be actively seen in advocating such principles and emphasizing on the role and importance such culture contributes towards the success of the organization. Without Leadership commitment it would not be practical and sustainable to get the level of support from middle management and the complete workforce

## SUSTAINABILITY

Organisations are closely focusing on sustainable goals for their business and are taken into consideration at the various parts of its operations be it at the Design, EPC, Commissioning, Operations, Maintenance and even at the Decommissioning stages of facilities

## TECHNOLOGY

Utilizing Current Technologies and the powerful tools that are available to manage HSE fast tracks the process for organizations to track events, conduct analysis, effectively communicate information and monitor the effectiveness of the various HSE elements and the methodology being used to manage the business operations

## PARTICIPATING INDUSTRIES

## WHY ATTEND

Global HSE conference and exhibition provides a premium opportunity to meet new customers and strengthen relationships with existing ones. It brings together the ultimate of HSE industry together, so that one can gauge through the regional and international business opportunities and industry advancement towards sustainable excellence.

The 8th edition of Global HSE will offer its attendees with a gateway to reach out to Global HSE industry professionals and global stakeholders as well as buyers.

### **Advance & Reinforce your Brand**

Global HSE provides you with the ideal platform to showcase your brand, products and services to the largest HSE audience across the globe. It gives you an opportunity to expand your companies' customer base by helping you engage with decision makers with actual buying power, enabling business to be conducted during the event.

### **Discover Innovative Products, Technologies & Services**

Global HSE is the best place to discover the most suitable and cost effective products from real suppliers. Get the competitive edge of latest products/technologies and services releasing in different markets worldwide. Explore the way companies are leading next generation of HSE practices.

### **Gain New Ideas**

Get practical guidance in implementing HSE practices in leading sectors by engaging face to face with the suppliers and marketers. Get an idea to innovate, design or customise strategies as per the respective markets.

### **Network with Top Industry Leaders**

Meet face to face with senior executives at your stand. Global HSE is a premier platform for local, regional and international business opportunities in Health, Safety & Environment sphere.

## WHO WILL ATTEND

### CXO/EXECUTIVE MANAGEMENT

As a business leader in HSE, I've put a lot of thought into how the industry is moving forward. Participating at Global HSE gives me an opportunity to grow my network by connecting with other leaders and implementers of the best practices in HSE. This will be an opportunity for me to form partnerships and see what other leaders like me are doing in their business.

### SUBJECT MATTER EXPERTS

I've worked hard to keep up with the implementation of HSE best practices at my organisation. Global HSE is an opportunity to share what I've done and hear how the ecosystem reacts to our organisation's direction. By being a part of the leadership community, I know that I will meet other like-minded peers and I'm going to come away better equipped to tackle the event evolving industry trends.

### GOVERNMENT AND NGO

As an influencer to the HSE discipline across the world, I should know who the up and coming players are. Getting in front of the industry stakeholders at Global HSE will help me network and understand the prevailing scenario leading to a better understanding of introducing initiatives that are of mass benefit.

### RAFFLE DRAWS

A total of 14 raffle draws will be conducted at Global HSE 2022 and each winner will be entitled to exclusive prizes. There will be 2 mega raffle draws conducted at Global HSE 2022. The mega draw winners shall be announced at the closing functions of 14 - 15 February 2022. After each technical session a raffle draw will be held, and the winner shall be announced by the session chair at the end of each session. It is mandatory that the winner be present during the session. In the instance the winner is not present during the announcement by session chair, the selection shall be disqualified, and a fresh draw will be held.
