

39th World Conference on Applied Science, Engineering & Technology

WCASET-2021

24th & 25th November 2021

Kuala Lumpur, Malaysia

Theme : "Technological Developments & Modern Trends in Applied Science and Advanced Engineering"

Organized by

Institute for Engineering Research and Publications (IFERP)

ABOUT IFERP

The Institute For Engineering Research and Publication or IFERP, is an organization that is unequivocally committed to propelling the state of global R&D across every domain of Engineering, Science, and Technology in general. By bringing research talent across all these arenas onto a single collective platform, IFERP ensures that these professionals, students, educators, policymakers, tech entrepreneurs, industry professionals, and others, get everything they need to put their talents to good use and propel the advancement in their respective fields of interest.

One of the ways in which IFERP manages to accomplish this is by organizing and regulating world-class conferences and academic events that bridge the gap between professionals (both amateur and experienced) who possess the rare, burgeoning talent to flourish in their research activities but lack the critical know-how required to go about doing so, and access to essential resources, knowledge, expertise, and funding that is needed to carry out groundbreaking, innovative research studies. By carefully and meticulously bringing these two elements together IFERP is not able to facilitate the transformation of entire technical disciplines, but also human lives and society in general, making the world a better place to live in for the generations to come.

Mission:

- To serve unwaveringly in the abetting, aiding, and assisting of groundbreaking R&D activities worldwide, throughout every stage of inception, implementation, and publication as well as across all technical streams and disciplines.

Vision:

- To be the global torchbearer of pioneering technical & technological innovation.

Conference Overview

As part of a broader and more extensive effort to disseminate awareness of recent progress being made in diverse areas engineering and technology all over the globe, IFERP has scheduled the “39th World Conference on Applied Science Engineering And Technology (39th - WCASET)” to be held on 24th & 25th November 2021 at Kuala Lumpur, Malaysia.

WCASET Kuala Lumpur is held with the goals of exchanging information on recent research issues related to engineering and technology in Southeast Asia and the world in general, expanding international cooperation network, generating internationally reputable and nationally accredited publications, and establishing WCASET as a communication forum related to engineering and technology in Southeast Asia.

Call for Papers

With the overall objective of disseminating awareness of pioneering multidisciplinary research findings and outcomes, as well as, offering budding researchers with a platform to express their opinions on phenomena that they have researched and made incredible inroads into, IFERP invites all those who wish to spread the word about their multidisciplinary research work and the findings/outcomes thereof, to present their papers at the “39th World Conference on Applied Science Engineering And Technology (39th - WCASET)”, which is slated to take place on 24th & 25th November 2021 at Kuala Lumpur, Malaysia.

By presenting their work in front of an audience of high-caliber professionals, on a global platform such as this, research professionals will not only get to spread awareness of their work but also catch the attention of the global academic community. Those who display immense potential and have made incredible discoveries through their research work, will also receive numerous career-elevating opportunities in the form of -

- scholarships & project funding (needed to take their research project and studies a step further),
- publication deals (with well-recognized, high impact factor journals),
- professional partnerships (opening the door to collaborate with some of the brightest minds in your discipline), etc.

IFERP urges all those who wish to make a name for themselves as multidisciplinary research stalwarts to submit their papers to us, right away.

WCASET-2021 welcomes papers with the following topics but not limited to

Applied Science

- Mathematics
- Anatomy
- Forestry
- Ophthalmology

Engineering and Technology

- Electrical Engineering
- Computer Engineering
- Electronic Engineering
- Optical Engineering

Business Management Studies

- Business Law & Ethics
- Business Research Methods & Teaching-related Issues
- Growth & Innovation
- Small business Management

Education and Technology

- Education, Teaching, and E-learning
- Education and Teaching
- Distance Education
- Higher Education

ABSTRACT SUBMISSION PROCESS

- The author should submit abstract via Easy Chair Submission System

Link: <https://easychair.org/conferences/?conf=39thwcaset>

ABSTRACT SUBMISSION GUIDELINES:

- Ensure that your entire abstract is between 175 and 275 words, no less and no more than these specified limits. Abstracts that are found to be either less than or exceeding these word limits will be sent back to the authors to be revised.
- Authors are also required to submit a short biographical profile of themselves along with their abstracts.
- We urge authors to pay heed to the deadline for submission and take advantage of our 'Early Bird' offers by submitting well ahead of the final date.
- All abstracts that have been submitted to us will be subject to a meticulous double-blind peer-review process within two to three weeks of receiving them. Authors whose abstracts have been accepted after successfully passing the double peer-review process will receive invitations to register themselves at our incredible conference in the Kuala Lumpur, Malaysia. It is mandatory that at least one of the authors of every accepted abstract register themselves for our conference on or before the specified deadline for registration.

PUBLICATIONS

Selected papers for the conference will be submitted for inclusion in renowned indexed databases like SCOPUS, Web of Science, Google Scholar, etc.

For more details regarding the publication feel free to contact us at "kualalumpur@wcaset.com" or WhatsApp at +91-9087388242

Chennai, Tamil Nadu 600106

IMPORTANT DATES

Conference Venue

In its effort to ensure the complete safety, satisfaction, and serenity of participants who will be flying in from across the globe, IFERP has decided upon the Kuala Lumpur, Malaysia as the ideal setting for the “39th World Conference on Applied Science Engineering and Technology (39th - WCASET)”

Over the course of this high-awaited, much-anticipated, two-day international event, which is set to take place from the 24th & 25th November 2021 at Kuala Lumpur, Malaysia. participants will be able to relish the scenic beaches of this marvelous Indian ocean archipelago, while also attend highly enlightening lectures, speeches, presentations, and talks. The perfect combination of a pristine seaside paradise and multiple high-intensity knowledge-sharing, skill-development & awareness-raising sessions, will put participants of this incredible conference in an ideal state to learn and grow while partaking in fun, leisurely activities as well as scrumptious Malaysian cuisine.
