

# Learning never endsssssssssssssssssss ssssssssssssssssssss

## How can parents cultivate children to be lifelong learners?

Key Takeaways

Early education is important but, how you learn is more important than what you learn

E.Q. is as important as I.Q

Each of us has a role to play in helping children become happy and intelligent.

**Dr Dhaval Mody**

A mental health expert with more than **25 years of experience** working for children with special needs.
