Invitation

Dear Attendees,

We are glad to announce the **25th International Conference on Food Technology & Processing** is going to held in Barcelona, Spain from October 06-07, 2021 organized by Conference Series LLC Ltd, in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members.

Food Technology 2021 is an extraordinary event to facilitate the dissemination and application of research findings related to Food Technology and Processing. The conference invites participants from all leading Food technologist, Microbiologist, Food safety officers, Nutritionists, Dietician, Quality control officers, Quality assurance officers, Scientists, Researchers, Biotechnologists, Industrialists, Food Engineers etc., to share their research experiences on all aspects of this rapidly expanding field and thereby, providing a showcase of the latest techniques.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Food Technology Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to join us in Barcelona this October.

Sincerely,

Food Technology 2021

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+  Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Special Issues : All accepted abstracts will be

published irrespective Conference Series LLC Ltd Journals

Each abstract will be provided with digital Object Identifier by

Food Technology 2021 Conference website is attracting 25000+ online visitors ranging from Researchers, Academicians and Business professionals, who are working in Food Technology and Processing Research field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Food Technology 2021 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge in Food Technology and Processing present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Food Technology and Processing
- Discuss and apply recent research findings related to Food Technology and Processing
- Reflect on the place of critical distance in research of Food Technology and Processing

Who Should Attend?

25th International Conference on Food Technology & Processing is one of the World leading Conference. The two day event on Food Technology practices will host 55+ Scientific and technical sessions and sub-sessions on cutting edge research and latest research innovations in the field of Food Technology and Processing across the globe. This year Food Technology conference will comprises of 17 major sessions designed to offer comprehensive sessions that address current issues in various fields of Food Technology and Processing. The attendees can find- Exclusive Sessions and Panel discussions on latest innovations in Food Technology and Processing. By participating in the

conference, attendees will be able to study the advances in the Food research. This International Food Technology and Processing Surgery provides an opportunity to meet Experts, professionals, academicians and researchers from all over the world. The target audience who mainly attends are Researchers & Scientists related to Vaccines R&D, Associations and Societies related to Vaccines R&D, Food technologist, Microbiologist, Food safety officers, Nutritionists, Dietician, Quality control officers, Quality assurance officers, Scientists, Researchers, Biotechnologists, Industrialists, Food Engineers.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

About Barcelona

Spain is one of the most popular tourist destinations in Europe. The city combines modern and historic architecture in a unique way. Barcelona is one of the most popular cities of Spain and the biggest city after Madrid in country. The city's port is one of the busiest on the Mediterranean Sea that caters to its economy. Due to closeness to Mediterranean, the beaches are best place to relax. Some of the famous beaches are Nova Icaria, Bogatell, Marbell and Nova Mar Bella. The city's transport system is facilitated by the urban belt of rapid transit including subways, tunnels cable cars, freeways and buses. Barcelona is one of the world's leading tourist, economic, trade fair and cultural centers, and its influence in commerce, education, entertainment, media, fashion, science, and the arts all contribute to its status as one of the world's major global cities. Barcelona has a humid subtropical climate bordering a maritime Mediterranean climate (Csa), with mildly cool winters and hot, muggy summers, while the rainiest seasons are autumn and spring

It has a huge number of attractions including a city centre which retains its medieval street plan; some stunning modernist architecture including several buildings by Gaudi - Spain's most famous architect; dozens of museums including one dedicated to Picasso, another to Miró and yet another to Barça, Barcelona's world-famous football club! The total city area is 91 square km and the metropolitan is 477 square km. Barcelona has an average temperature around 16-degree Celsius and the average temperature in summer is 29 degrees Celsius. Barcelona is famous for its Catalan culture. The University of Barcelona is one of the oldest Universities founded in 1450 and the autonomous University of Barcelona are the city's educational and research institutions. There are some museums which include the Museum of Catalanian Art, the Museum of Modern Art, the Maritime Museum and the Picasso Museum. Barcelona is a very dynamic south-European and Mediterranean city. It is the perfect city to relax in with its charming people, stroll around the modernist art and enjoy its fine gastronomy.
