ABOUT THE COLLEGE

Kongu Engineering College (KEC) was established in the year 1984. Approved by AICTE, New Delhi and affiliated to Anna University, the institution has been accorded autonomous status from year 2007. The institution has completed 31 years of dedicated and excellent service in the field of technical education. It offers 14 UG programmes, 19 PG programmes and 16 Research programmes in Engineering, Applied Sciences and Management and is one among the best self financing Engineering colleges imparting high quality technical education in India. The college is well known for its technical excellence, modern facilities, record of performance with excellent results and enterprising students. The college has got NBA accreditation for all UG programmes, Best Engineering College award, Best Principal award and ISO certification.

ABOUT TECHNOLOGY BUSINESS INCUBATOR

TBI@KEC, first of its kind in India has been established in the KEC campus with the support and grant –in-aid from the NSTEDB/DST/GoI. The motto of the Incubator is "Concept to Commercialization". The TBI provides congenial atmosphere with state-of-the-art infrastructural facilities-hardware as well as software-in the emerging Electronics and ICT related technology areas so that the entrepreneur-aspirants including SMEs can convert their innovative ideas into commercial products and services. The TBI offers its services to the faculty and students also to get directly involved with the entrepreneurs in product/process development. TBI@KEC has won the National Award for Technology Business Incubator from the DST for the year 2012. The Award was presented by the President of India in May 2013.

ABOUT THE DEPARTMENT

Department of CSE was started in the year 1988 with B.E. Programme. With the increasing demand in Computer Science and Engineering, M.E programme was started in the year 1999. The department is recognized to offer research programme leading to Ph.D. The department aims at developing intellectually alert, scientifically progressive, globally competent and dynamic young IT professionals.

ABOUT THE LOCATION

The college is situated at Perundurai on the National Highway (NH47) about 80 km from Coimbatore and 17 km from Erode. It is well connected by air, road and rail.

OBJECTIVE

Applying basic analytics is restricted to human scale activities and direction. Unfortunately traditional analytics tools are not well suited to capture the valuable information hidden in Big Data. The volume of data is too large for comprehensive analysis. The range of potential correlations and relationships between disparate data sources, from back end customer databases to live web based click streams, are too great for any analyst to test all hypotheses and derive all the value buried in the data.

The objective of this workshop is to provide a practical exposure to the participants about Hadoop Frame work and insight into the Big Data and its tools

PROGRAMME CONTENTS

- Introduction to Big Data Analytics
- Hadoop Frame Work
- Map reduce Programming
- NoSQL, HDFS
- Pig, Hive, Hbase
- MongoDB
- Cassandra
- Beyond Hadoop
