A NATIONAL CONFERENCE ON CONTEMPORARY COMPUTING

21st & 22nd October 2016

Organized by
**Department of Computer Science &
Information Technology**

In association with

International Journal of Computer Application, New York, USA

Computer Society of India (CSI), India

Indian Society for Technical Education, India

ABOUT CDGI:

Chameli Devi Group of Institutions (CDGI) is a philanthropic initiative of well known Agrawal group of Madhya Pradesh. It was started in the year 2006 by his Holiness Shri Awadeshanda Giriji. It has a sprawling lush green 20 acre campus on Khandwa Road. With a reputation of being an Institute known for discipline, sincerity, regularity and academic excellence of its students, our Institute has become a trusted abode for students aspiring to become technocrats in the true sense and spirit. CDGI offers UG courses in five streams and Masters Degree Programme in Business Administration. Within a short span of 10 years the Institute has attained a strong footing amongst all the technical colleges of Madhya Pradesh. It is affiliated to RGPV, Bhopal and approved by AICTE, New Delhi.

ABOUT DEPARTMENT:

The department is under tutelage of Dr. CNS Murthy, Dean, CDGI, a team of highly qualified faculty and technical staff explores new dimensions in the field of technology. All faculty members have completed ME degree and performing research in their respective areas. The Computer Science & Information Technology department aims to provide strong foundation for quality education and research development. The academic affiliations with various industries such as Zensar Technologies and Microsoft Training center encourages the students to prepare themselves for based on the Industry demands.

ABOUT THE CONFERENCE:

The main objective of this conference is to invite researchers and practitioners from academia, industry and government to deliberate their research work upon computational and communication technological aspects of contemporary computing. The conference will be held during 21st - 22nd October 2016 where authors of the accepted papers (passed through a peer review process) will be invited to present their research results and ideas in front of a group of nobles as well as researchers who would offer an assessment of each presentation and provide suggestions. Submissions may either be a complete work or work in progress, with directions for future research.
