The Fourth International Conference on Computer Science, Computer Engineering and Social Media (CSCESM2017)

University of Perpetual Help System DALTA
Philippines

October 11-13, 2017

You are invited to participate in **The Fourth International Conference on Computer Science, Computer Engineering and Social Media (CSCESM2017)** that will be held in Manila, Las Piñas, Philippines on October 11-13, 2017. The event will be held over three days, with presentations delivered by researchers from the international community, including from keynote speakers and state-of-the-art lectures.

Research Topics

Computer Science

- Access Controls
- Biometrics Technologies
- Cloud Computing
- Computational Intelligence
- Computer Crime Prevention and Detection
- Computer Forensics
- Computer Security
- Cryptography and Data Protection
- Data Compression
- Data Mining
- Distributed and Parallel Applications
- E-Learning
- E-Technology
- Forensics, Recognition Technologies and Applications
- Mobile Computing
- Multimedia Computing
- Network Security
- Wireless Communications

Computer Engineering

- Automated Software Engineering
- Bioinformatics and Scientific Computing
- Computer Animation
- Computer Architecture
- Computer Modeling
- Computer Networks
- Computer-aided Design
- Digital Signal and Image Processing
- Digital System and Logic Design
- Expert Systems
- Internet and Web Applications
- Multimedia Applications
- Network Security and Cryptography
- Wireless Sensor Network

Social Media

- Collaborative filtering
- Graphics and visualization
- Human-computer interaction
- Image / multimedia processing
- Information propagation and assimilation in social networks
- Natural language processing
- Qualitative and quantitative studies of social media
- Social innovation and effecting change
- Social Media Networking
- Social network analysis
- Social networking sites
- Social networks and online education

Special Issues

Submission Deadline

September 11, 2017
