

## **Airports Solutions Indonesia 2016**

Airports Solutions Indonesia, is part of a global portfolio of trade events, designed to connect leading suppliers with decision makers involved in the Indonesian airport expansion programme, a government initiative covering 15 new airports across the archipelago between 2014-2019.

Participants include the major government bodies and SOE's responsible for Indonesia's airport procurement: Angkasa Pura 1, Angkasa Pura 2, AirNav, Ministry of Transportation, Indonesia's regional government provinces, and Independent Airport Operator's. All organisations were present at the last edition of our event in 2015.

Event Name: Airport Solutions Indonesia in conjunction with Indonesia Infrastructure Week

Date: 9-11th November 2016

Location: Jakarta Convention Centre

Trade Visitors last year: 4,800

The event consists of a trade exhibition and a supporting conference with high level private and public industry experts in attendance.

In 2015 our exhibition attracted over 4,800 trade visitors and over 200 conference delegates.
