

2-day In-person Seminar:

Validating Radiation Sterilization for Medical Products

-  Los Angeles, CA
-  November 17th & 18th, 2016
-  9:00 AM to 6:00 PM

Karl J. Hemmerich

President, Ageless Processing Technologies

Karl J. Hemmerich, President of Ageless Processing Technologies, has over 35 years of experience in medical device product design, development, manufacturing, and sterilization. He specializes in sterilization method selection and program development with emphasis on component material selection, polymer processing, process development and automated assembly, and sterilization process validation. Karl has extensive experience in radiation sterilization with over 10 years in management of a gamma processing facility, as well as a technical resource for Customers with materials and dose related product issues. Karl has made numerous presentations at Customer sales seminars, industry technical conferences and the FDA. Some of the subjects covered included radiation compatibility and selection of materials, gamma processing, dosimetry, package design, validation test design, preventing part failure through enhancements in processing and product design, and accelerated aging.

Overview :

Review of basic polymer chemistry and changes in polymer characteristics can be anticipated and designed for. Learn how to plan for post radiation resistance and lifetime functionality. All radiation modalities (gamma, e-beam, x-ray) will be reviewed for a basic understanding of the sterilization process and the influences that product design and assembly can have on success.

Price

Price: **\$1,495.00**

(Seminar for One Delegate)

Register for 5 attendees (With stay)

Price: **\$4,485.00** You Save: \$2,990.0 (40%)*
~~\$7,475.00~~

ENROLL

***Please note the registration will be closed 2 days (48 Hours) prior to the date of the seminar.*

Agenda:

Day One

Lecture 1: The Basics of Sterilization Modality Selection in Product Development AAMI TIR # 17, Irradiation Sterilization - History, Overview

Lecture 2: The Basics of Irradiation Processing - Gamma, E-beam, X-ray, Conversion from other Sterilization Modalities

Lecture 3: Radiation and Polymer Chemistry, Material Selection, Polymer Chemistry

Lecture 4: Packaging Design and Materials, Strengths, Limitations

Areas Covered in the Session:

- Polymers Chemistry - choosing the best polymer candidate
- Gamma, E-beam, X-ray sterilization
- Accelerated Aging
- Product Qualification
- Sterilization Validation - Establishing the Minimum Sterilization dose (Vdmax)
- Sterilization Modality Selection Criteria
- Biocompatibility
- Preventing Plastic Part Failure Post Irradiation

Day Two

Lecture 1: Sterilization Validation - Dose Setting, Bioburden, VD Max,

Lecture 2: Product/Material Qualification Testing - Accelerated Aging

Lecture 3: Irradiation Processing of Radiation Sensitive Materials - Biological Tissues, Serum

Lecture 4: Summary, Alternate Sterilization Modalities, TIR # 17, Putting It All Together

Who Will Benefit:

- Medical product design Management and Engineers
- Sterilization Experts
- Quality Management and Engineers
- Regulatory Affairs
- Project Managers
- Purchasing and Supply Chain Managers
- Staff evaluating risk, safety, and effectiveness
- R&D Staff - engineering and lab personnel
- Process Engineers
- Packaging Engineers
- Materials Engineers
- Manufacturing Engineers

Group Participation

| | |
|-----|--------------------------------|
| 10% | 2 Attendees to get offer |
| 20% | 3 to 6 Attendees to get offer |
| 25% | 7 to 10 Attendees to get offer |
| 30% | 10+ Attendees to get offer |

Payment Option

- 1 Credit Card: Use the Link to make Payment by Visa/Master/American Express card click on the register now link
- 2 Check: Kindly make the check payable to NetZealous DBA GlobalCompliancePanel and mailed to 161 Mission Falls Lane, Suite 216, Fremont, CA 94539, USA
- 3 PO: Please drop an email to support@globalcompliancepanel.com or call the our toll free +1-800-447-9407 for the invoice and you may fax the PO to 302 288 6884
- 4 Wire Transfer: Please drop an email to support@globalcompliancepanel.com or call our toll free +1-800-447-9407 for the wire transfer information

What You will get

- 1 Learning Objectives
- 2 Participation certificates
- 3 Interactive sessions with the US expert
- 4 Post event email assistance to your queries.
- 5 Special price on future purchase of web based trainings.
- 6 Special price on future consulting or expertise services.
- 7 Special price on future seminars by GlobalCompliancePanel.
- 8 Seminar Kit – includes presentation handout, ID card, brochure, trainings catalog, notepad and pen.
- 9 Networking with industry's top notch professionals

Contact Information: Event Coordinator

NetZealous LLC, DBA GlobalCompliancePanel

161 Mission Falls Lane, Suite 216,

Fremont, CA 94539, USA

Toll free: +1-800-447-9407

Fax: 302 288 6884
