Brian L Tuttle

*Sr Compliance Consultant & IT Manager,
InGauge Healthcare Solutions*

**Brian L Tuttle, CPHIT, CHP, CBRA, Net+, A+,
CCNA, MCP**

Brian L Tuttle is a Certified Professional in Health IT (CPHIT), Certified HIPAA Professional (CHP), Certified HIPAA Administrator (CHA), Certified Business Resilience Auditor (CBRA), Certified Information Systems Security Professional (CISSP) with over 17 years experience in Health IT and Compliance Consulting.

Overview :

I will be going into great detail regarding your practice or business and how it relates to the HIPAA Security/Privacy Rule, Areas covered will be history of HIPAA, privacy vs security, business associates, changes for 2016, audit process, paper based PHI, HIPAA and suing, texting, email, encryption, medical messaging, voice data and much, much, more

I will uncover myths versus reality as it relates to this very enigmatic law based on over 1000 risk assessments performed as well as years of experience in dealing directly with the Office of Civil Rights HIPAA auditors.

I will also speak to real life audits conducted by the Federal government (I've been on both sides of these audits) what your highest risks are for being fined (some of the risk factors may surprise you).

Why should you attend:

This lesson will be going into great detail on all the changes going on with HHS, we will be addressing how practice/business managers (or compliance offers) need to get their HIPAA house in order before the imminent audits occur or an unfortunately legal situation arises. It will address major changes under the Omnibus Rule and any other applicable updates for 2016. There are an enormous amount of issues and risks for covered entities and business associates these days. I will speak on specific experiences from over 17 years of experience in working as an outsourced compliance auditor, expert witness on HIPAA cases, and thoroughly explain how patients are now able to get cash remedies for wrongful disclosures of private health information.
