I am fully aware that adventure activities are physical and demanding sports, which have inherent hazards associated with them. While team Bhramanti365 will take all reasonably practical steps to try and ensure the safety of all participants, unfortunately accidents can occur. I will try my best to familiarize with the hazards and try to minimize these as much as possible by complying with the Bhramanti365 risk management guidelines.

The management of Bhramanti365 accepts no responsibility whatsoever for any loss, injury or any other form of health risks resulting from any person's involvement in adventurous activities. Furthermore, it is understood and agreed that Adventurous activities are an assumed risk sport and that individuals participate at their own risk. Bhramanti365 instructors are qualified and suitably experienced to lead the activities they run.

I understand that I have to cooperate fully with the organizers and diligently comply with the organizers' instructions, safety rules and Regulations which are mentioned on backside of this form for my own safety and that of other group members.

I hereby irrevocably undertake that the information given above is correct and acknowledge that adventurous activities do contain an element of risk. I am willingly chosen to accept these risks. I have read (or heard) and understand the safety briefing & rules, event schedule (which can be changed any time by bhramanti365 without any discussion with participants) & difficulty level , things to bring along, Do's & Don'ts . I will not smoke or drink. I will not damage beauty of nature.
