

The Society of Digital Information and Wireless Communications (SDIWC)

Invites You to Attend

7th International Conference on Digital Information Processing and Communications

(ICDIPC2017)

July 11-13, 2017

Asia Pacific University of Technology and Innovation (APU)
Kuala Lumpur, Malaysia

Important Dates

Submission Deadline	• June 11, 2017
Notification of Acceptance	• June 20, 2017
Camera Ready Submission	• July 1, 2017
Registration Deadline	• July 1, 2017
Conference Dates	• July 11-13, 2017

The Conference Welcome Papers on the Following (but not limited to) Research Topics:

Information and Data Management	• Social Networks
Data Compression	• Information Content Security
E-Technology	• Mobile, Ad Hoc and Sensor Network Management
E-Government	• Web Services Architecture, Modeling and Design
E-Learning	• Semantic Web, Ontologies
Wireless Communications	• Web Services Security
Mobile Networking, Mobility and Nomadicity	• Quality of Service, Scalability and Performance
Ubiquitous Computing, Services and Applications	• Self-Organizing Networks and Networked Systems
Data Mining	• Data Management in Mobile Peer-to-Peer Networks
Computational Intelligence	• Data Stream Processing in Mobile/Sensor Networks
Biometrics Technologies	• Indexing and Query Processing for Moving Objects
Forensics, Recognition Technologies and Applications	• Cryptography and Data Protection
Information Ethics	• Peer-to-Peer Social Networks
Fuzzy and Neural Network Systems	• Mobile Social Networks
Signal Processing, Pattern Recognition and Applications	• User Interfaces and Usability Issues form Mobile Applications
Image Processing	• Sensor Networks and Social Sensing
Distributed and parallel applications	• Social Search
Internet Modeling	• Embedded Systems and Software
User Interfaces, Visualization and Modeling	• Real-Time Systems
XML-Based Languages	• Multimedia Computing
Network Security	• Software Engineering
Remote Sensing	•

BEST Registered Papers will be
Published in One of the Following Special Issues

Sponsored By
