

# ***Exploring the Sources for A Better Neurocare And Healthcare Through Neurology 2018***

***(CME Accredited Neurology Conference)***

***4<sup>th</sup> International Conference on Neurology and Healthcare***

***September 17-18, 2018 Berlin, Germany***

***The conference serves as a platform to discuss the growing trends in Neurology and Neuroscience which could unleash the buckles of many unrecognised research works which are in a developing phase. The trend towards the developing strategies of surgical methods also widens the opportunity for the researchers and scientists to establish their own signature in the field, thereby witnessing a tremendous change in the work field.***

**Submit your abstracts at <https://neurology.cmesociety.com/abstract-submission>**

Pulsus Conferences hosts the **4th International Conference on Neurology and Healthcare (CME ACCREDITED)** which outsources the new research standards in neurocare and advanced healthcare , providing the most integrated approach in academic and research part of healthcare studies. Neurology 2018 will be unique in the series of conferences which will provide interactive sessions regarding Neurocare and quality aspects followed in healthcare industries along with recent advances in the field of neuro robotics. It also provides an opportunity to showcase your research works and innovative works in front of the world for the global recognition. **The event is held at Berlin from September 17-18 ,2018. CME Credits are Awarded for the Conference**

Neurology 2018 will witness the gathering of International blend of people from neurological field, pharmaceutical, biotech & medical devices companies, business entrepreneurs, neurology consultants, R&D heads and decision makers from healthcare, contract research, clinical trials, leading universities and research institutions making it the largest endeavor from Pulsus Conferences.
